## Plane's Flight Breaks All World Endurance Air Records

### Texas Aviators Create Mark of 172½ Hours Aloft

R. L. Robbins and James Kelly Rest in Fort Worth After Their Great Feat and Enthusiastic Demonstration by Thousands at Field; Motor Good for Further Flight, But Defects in Propellor Caused by Battle With Hail and Rain.

Fort Worth, Texas, May 27.—Having added almost a full day to the world endurance flight record, R. L. Robbins and James Kelly slept here this forenoon after soaring almost seven and a half days in their single-motored monoplane, the Fort Worth. The two pilots, one an ex-cowboy and the other a former railroad mechanic, added a new line to the record started by the Wright Brothers' one-minute flight at Kitty Hawk, N.C., in 1903, by keeping the Fort Worth aloft in good and bad weather for 172 hours, 32 minutes and 1 second. The record beat the mark of 150 hours, 40 minutes and 15 seconds made by the United States army monoplane Question Mark by more than 21 hours 51 minutes.

#### GERMAN SAYS HE PILOTED HIS PLANE UP 41,000 FEET

Dessau, Germany, May 27.—Pilot Willy Neuhöfer to-day claimed a world altitude record of 41,000 feet, made yesterday with a Junkers aeroplane of the Bremen type. A break in his oxygen tube caused him to lose consciousness and the machine dropped nearly 22,000 feet before he regained control.

### BISHOP O'DONNELL GIVEN TITULAR ARCHBISHOPRIC

Roman Catholic Head on Vancouver Island Will Leave Victoria Within Six Months to Take Up Position in Halifax; Has Been in Victoria Since 1924; No Successor Yet Appointed.

Right Rev. Thomas O'Donnell, Bishop of the Roman Catholic diocese of Victoria and Vancouver Island has been appointed by Pope Pius to the post of Coadjutor Bishop with the right of succession to Archbishop E. J. McCarthy of Halifax, raising him at the same time to the titular Archbishopric of Metimna, according to cable advice reaching Victoria to-day from the Vatican in Rome.

Bishop O'Donnell will take up his new position in eastern Canada within the next six months. As yet no word has reached Victoria as to who will be the future bishop of St. Andrew's Cathedral here.

Bishop O'Donnell has been head of the Roman Catholic Church on Vancouver Island since March, 1924, and parishioners all over his diocese and many friends whom he has made in Victoria and British Columbia will regret his departure at the same time congratulating him on his steady rise in the service of his church. One of the greatest business heads the Catholic Church has had in western Canada, Bishop O'Donnell has done much to help St. Andrew's Cathedral out of heavy burdens of debt.

HERE FIVE YEARS  
Bishop O'Donnell, at that time monsignor, was consecrated Bishop of Victoria in Toronto on February 14, 1924, by His Excellency the Apostolic Delegate to Canada, Mgr. Pietro di Maria. He was formally installed in St. Andrew's Cathedral here on March 19 of the same year. He has been pastor of most of Toronto's Catholic parishes, being ordained to the priesthood in that city in December, 1899, and ministering there until his appointment to Victoria.

#### MADE ARCHBISHOP

RT. REV. T. O'DONNELL  
Roman Catholic Bishop of Victoria and Vancouver Island, who has been appointed to the Archdiocese of Metimna and who will leave Victoria within six months to take up his new position.

### EARNINGS OF C.N.R. SHOW GAINS OVER FIGURES OF 1928

Montreal, May 27.—Increases in the gross and net earnings of the Canadian National Railways for the month of April last, and the four-month period from January 1 and including April are recorded in an official financial statement.

In April last the gross earnings of the C.N.R. were \$22,455,244, in comparison with \$19,811,399 during April, 1928. In the same month, the operating expenses amounted to \$18,012,063, compared with \$16,927,112 in April, 1928, an increase of \$1,084,951.

### FISH PACT SOON TO BE RATIFIED

Canadian Parliament to Approve Treaty With U.S. at This Session

Agreement More Favorable to Dominion Than Ones Attempted in Former Years

Special to The Times  
Ottawa, May 27.—The Fraser River Sockeye Salmon Conservation Treaty will be approved by Parliament at its present session, it was learned to-day. The Federal Government, it was indicated, has decided the pact should receive ratification before prorogation, although there is some opposition to it.

Announcement that there will be no delay in the passage of the treaty followed concerted demands from British Columbia for early action. Not only did Premier Tominie urge this course, but fishing interests, anxious to restore the Fraser River fisheries, also supported the immediate adoption of the Canadian-United States agreement.

MAY BE OPPOSED  
It was reported to-day there would be some opposition to the treaty in Parliament on the ground that it would give power over Canadian waters to an international commission. This, of course, is denied by the British Columbia Government and its legal advisers, and the contention is all the more surprising because the present treaty is much more favorable to Canada than a similar pact negotiated by the Conservative Government in 1919 and another agreement framed by the Laurier Government in 1908. In those former treaties no provision was made for a fair distribution of the catch of salmon to be allowed on the Fraser by the controlling commission. The new pact specifically provides the catch shall be divided between Canada and the United States equally.

### PRAIRIE BILL BEFORE HOUSE

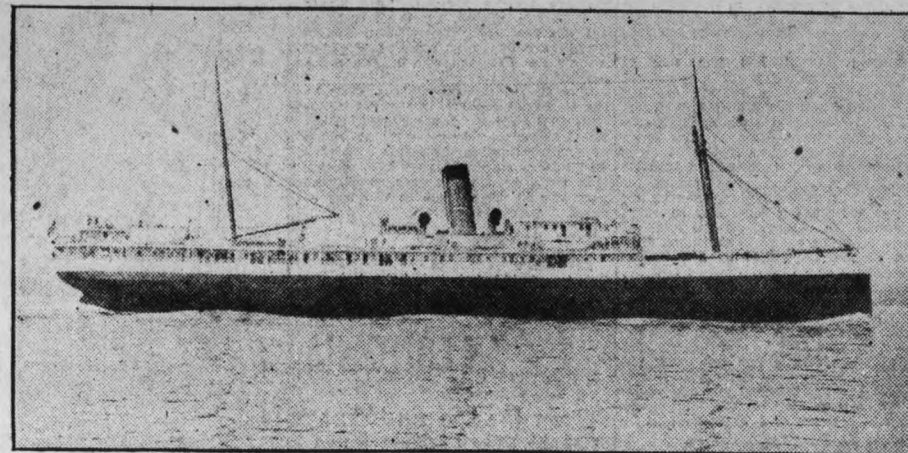

Commons Gives First Reading to Waterpower Administration Measure

Ottawa, May 27.—The first morning sitting of the current parliamentary session was held to-day when the House of Commons, following the holiday adjournment, began its deliberations at 11 o'clock. The attendance was fairly large. The chief item of interest in the opening minutes was the first reading given a bill sponsored by Hon. Charles Stewart, Minister of the Interior which has for its purpose the turning over of the administration of the waterpowers to the three prairie provinces.

LIKE B.C. ACT  
Mr. Stewart explained the measure arose out of the resolution passed by the House early in the session. The Commons had then decided the waterpowers should be administered by the prairie provinces on a basis similar to that of British Columbia.

The Pacific Coast province in 1911 had obtained control of its waterpowers in the Railway Belt and the Peace River Block. It was felt all of the western provinces should be placed on the same footing. Mr. Stewart intimated. The general principle controlling the bill was similar to that of the British Columbia act.

National Treasurer To-day Announces Purchase of \$10,000 of Recent Issue

Significant both of the high standing of British Columbia bonds in the Eastern financial houses and of the active interest shown by the order in the development of Canada was the announcement made this morning of the investment of \$10,000 of the I.O.D.E. war memorial fund in British Columbia five per cent bonds.

BEST BUY ON MARKET  
The announcement was made to a Times reporter by Mrs. J. U. Power of Toronto, treasurer of the National Chapter Imperial Order Daughters of the Empire. When asked if the investment had any connection with the meeting of the chapter in this province, Mrs. Power emphatically stated: "No, that happens to be merely a happy coincidence. ### B.C. MAY SEE SOVIET FLIERS

Four Men Hope to Jump From Moscow to New York in Stages

British Columbians may see a Soviet aeroplane in August. Four fliers are preparing for an attempt to make an air voyage from Moscow to New York, as indicated by the following dispatch:

Moscow, May 27.—A flight by Russian aviators from Moscow to New York by way of Alaska in August is being planned by the Soviet Air Commission.

The plane, called the "Land of the Soviets," will be manned by four men. 12,500 JOURNEY  
The proposed route covers about 12,500 miles. The plane is to leave Moscow and its first stop is planned at Novosibirsk in the Ural Mountains. The next stop, following a flight along the Trans-Siberian Railway, is to be at Khabarovsk, on the Amur River, where the landing wheels are to be dismantled and floats substituted. Stops are planned at Petropavlovsk and Kamchatka, then at Dutch Harbor, on the Aleutian Islands. The men hope May wheat on the Chicago Board of Trade below the dollar mark for the first time in six years. The close at 98½ cents was the lowest for May delivery in fourteen years, and represented a drop of 2½ since Saturday.

### RAIL RATES ON FLOUR ARE CUT

Canadian Roads Make Reductions From Great Lakes Eastward

Montreal, May 27.—The long-awaited announcement as to what Canadian railways would do to meet revised rates on export wheat flour made by the United States roads recently was outlined in a statement issued here to-day by the Canadian Pacific and Canadian National Railways.

The statement reads: "The United States railways, at the request of the administration in Washington, have announced a reduction on wheat flour only from Lake Erie ports to the Atlantic seaboard for export. The Canadian railways have decided to meet such reduced rates on wheat flour from Georgian Bay ports and intermediate points to eastern Canadian ports and are asking the Board of Railway Commissioners of Canada for permission to issue revised tariffs on one day's notice so the rates may be effective the same day as the reduced rates take effect in the United States.

"These reduced rates are of a temporary nature and will expire September 30 next."

### Wheat Breaks Dollar Mark

Winnipeg, May 27.—General rains over the thirty prairie farm area and "dollar wheat" at Chicago sent prices down at Winnipeg to-day. Closing quotations found wheat 1½ to 2½ lower than Saturday's closing figures. October wheat hit the lowest mark, \$1.10 a bushel and had recovered only to \$1.10½ at the close. May and July receded to \$1.10 and \$1.11½ respectively and regained only ½ before the final gong.

Chicago, May 27.—A rush to unload grain to-day drove prices down to the lowest levels of the season and brought May wheat on the Chicago Board of Trade below the dollar mark for the first time in six years. The close at 98½ cents was the lowest for May delivery in fourteen years, and represented a drop of 2½ since Saturday.

### CRUELTY FINE IS PUT AT \$25

Vancouver Magistrate Gives Ruling in Grisenthwaite and Boy Case

Vancouver, May 27.—Joseph Grisenthwaite Jr., who kept his five-year-old son, Billy, chained for two days to a heavy block of wood because the lad "gave him trouble," to-day was found guilty of cruelty to the child by Deputy Police Magistrate J. A. Findlay and sentenced to pay a fine of \$25.

The magistrate explained he was imposing an especially light sentence on the forty-year-old mechanic because he did not wish to work hardship on Billy and his nine-year-old sister, Jennie, who are now being cared for at the Children's Aid Society on Wall Street.

The case is certainly one of ill-treatment," the court stated.

Grisenthwaite was arrested on the evening of May 17 after neighbors had called police attention to the fact that Billy was being kept chained in his room on Kitchener Street.

Detectives who went to the house found a scene of squalor, and the mother of the two children in a mental condition which made her incapable of looking after the youngsters. It is understood the wife of the accused, who has suffered derangement since an attack of influenza ten years ago, will be committed to an institution.

### BERRY GROWERS ASK FOR LOAN

Request Government Aid to Finance Jam Making Process of Surplus Crop

A loan from the Provincial Government for processing the surplus strawberry crop was sought by the berry growers of British Columbia this morning.

A conference in the executive chamber was attended by W. D. Manson of Mission, ex-chairman of the 1928 board of direction under the Marketing Act; H. E. Tanner, manager of the Saanich Fruitgrowers' Association, and R. S. Twining, manager of the Gordon Head Fruitgrowers' Association. The delegation represented all the organized berry growers of British Columbia with the exception of Creston district.

Members of the Government attending the conference were Premier Tominie, Hon. Joshua Hinchcliffe, Hon. W. A. McKenzie, Hon. F. P. Burden and Hon. S. L. Howe.

The Provincial assistance is sought for the purchase of sugar and barrels, the growers anticipating that at least 500 tons of sugar will be used in the processing of more than 1,000 tons of berries. For shipment to eastern jam manufacturers at least 7,000 barrels will be required.

NEW MARKETS SOUGHT  
The growers' representatives assured the Government that great efforts will be made to develop new outlets for British Columbia fruit. With release from financial pressure to realize at less than cost of production, the growers expect that shipments of berries to Australia and New Zealand, made experimentally last year with great success, will be capable of great expansion this year.

The Government will also be asked to aid, through the office of the Agent-General for British Columbia in London, in interesting British importers in trial shipments of British Columbia processed fruit.

The berry growers will meet the Cabinet again to-night with a clear cut proposal.

Seattle, May 27.—Torn open by a projecting rock in Yak Bay, on the jagged coast of Kodiak Island, Alaska, the Alaska Steamship Company's liner Aleutian to-day lay in deep water, reported to be a total loss, while four of her passengers and a number of the crew were being brought to Seward aboard the United States geodetic survey steamer Surveyor. The only fatality was when one member of the crew, after safely leaving the vessel on the first alarm, returned to rescue a "lucky" horseshoe and was caught in the ship when she plunged to the bottom. Of the 149 survivors, fifteen were passengers and the remainder members of the crew. Eleven passengers were taken to canneries in the Yak Bay district by the Surveyor before she left for Seward.

Advices received here this morning from Seward stated a heavy sea last night delayed the return of the Surveyor with the passengers and crew of the sunken ship, and that in all probability the ship would not reach her destination until to-morrow, instead of to-night as originally scheduled. The captain of the ill-fated vessel left the ship, but later returned with some of his officers in a launch to endeavor to locate his former command.

The weather was reported normal at the time of the crash, 7:30 a.m. Pacific Standard Time yesterday. An SOS was immediately flashed by the captain of the stricken vessel. The Surveyor, stationed nearby, rushed to her aid and the survivors were transferred safely to the rescue ship within a few hours.

Yak Bay was the last call on the Aleutian's outward trip from Seattle. (Concluded on page 18)

### SIXTY-FOUR IN TURKEY KILLED BY EARTHQUAKE

Seventy-two Hurt; Seventy-four Villages Shaken

Paris, May 27.—Havas Agency dispatches from Ankara report sixty-four persons killed and seventy-two injured in seventy-four villages shaken by an earthquake on Saturday. The greatest damage was at Karahissar and Souhehir, near Sivas. Houses totaling 1,387 were said to have been destroyed and 313 were damaged.

Sivas is an ancient city of about 30,000 population situated in a fertile valley in central Turkey. In the days of the caravan routes it was of much greater size and still retains many evidences of its former glory. On May 3 earthquakes shook Russian Turkestan and Persia, destroying several villages and causing, according to unofficial estimates, 3,000 deaths. The tremors continued for three days. Earthquakes are of frequent occurrence in northern Asia Minor.

Ensure the Future  
Of London Symphony

Reuter's Special to The Victoria Times

London, May 27.—It is good news that negotiations between Lionel Powell, the Opera Syndicate, and the Gramophone (H.M.V.) Company, have resulted in a guarantee which ensures the existence of the London Symphony Orchestra at all events for the next three years.

The orchestra, for its part, has abandoned the deputy system, which should never have been allowed to endure so long. No more will conductors see different faces at rehearsal, and at the subsequent performance. Many of the men are among the finest players in the world, and the main reason why they have, as a body, encountered some adverse criticism has been the paucity of opportunities for team work such as the new arrangement will provide. An orchestra which only meets off and on almost ceases to be an orchestra.

For the next three years their engagements should be numerous enough to repair all the damage both to the orchestra's ensemble and to its prestige. Whether that will suffice to make it what it should be—one of the finest in the world—is not so readily assured. There are many who assert that only an orchestra on a salaried basis, like those which receive state subsidies abroad, is likely to develop the corporate spirit from which alone the greatest performances can be obtained.

sponsored by the local branches of the above mentioned organizations as well as by the Canadian Legion of the British Empire Service League.

Although "Carry On" is not a war picture, it is laid against the background of the Royal Navy. The navy scenes are utilized to give authenticity to the story of two boys, friends from childhood, who enlist in the navy. One is a poor fisherman's son, the other the son of an admiral. The story of the chief characters is paramount to any sub-theme.

"Carry On" will make every Briton proud of his nation, that it could produce such a picture, typifying as it does the highest ideals of courage. All the best traditions of the British people are carefully handled, so it is a play for children and adults alike, inspiring and patriotic.

The stage attraction this week by the Coliseum Players, under the direction of Raymond "Toby" Leitch, is entitled "Carry On." Judging by the name of the production Coliseum patrons and others who will visit the theatre this week to see the epic naval picture, are in for a treat in the way of stock presentations.

"The Bondman," Sir Hall Caine's Novel Picturized, Opens To-day

An amazing story is "The Bondman," adapted for the screen from Sir Hall Caine's famous novel, which had its first performance in this city to-day at the Playhouse Theatre.

In fact, it is a most amazing drama written by a novelist who knows the people of the Isle of Man and Sicily, where the story is laid and where it was produced.

Unusual people are the Sicilians; they love, they hate, they fear each other limb from limb; they thumb their noses at convention, but they face the world in an unbroken phalanx of family pride.

They are, in fact, a turbulent people, and it is among them and the mild Manx people that the tragedy of Jason, "The Bondman," his brother, Michael, and the lovely Manx maiden, Greba, threads its dramatic way.

Norman Kerry is the star, and he and the charming English actress, Frances Cuyler, carry the weight of the drama. Herbert Wilcox, famous international producer, made it and World Wide Pictures imported it to America.

"Why Be Good" Is Title of Capitol Screen Attraction

Mandell's Mannikins in Return Engagement on Stage

Firmly convinced that the strength of a supporting cast shares equally with the ability of the star and the quality of the story in making a screen production, Producer John McCormick secured a group of exceptionally talented players to appear with Colleen Moore in "Why Be Good?" which opened to-day at the Capitol Theatre for a three-day run.

Miss Moore, as a fast-stepping modern girl in this story of youth, is admirably cast, the story of "Why Be Good?" having been written expressly for her by the author, Carey Wilson. Her ability in either comedy, drama or romance has been evident in a variety of recent roles, which presaged another successful portrayal in "Why Be Good?" The enthusiasm with which her work in this production has been received offers further proof of her capability as an actress.

On the stage at the Capitol Mandell's Mannikins make a welcome return engagement, presenting an entirely new show of specialties, along with Miss Dorothy Hartree, contralto soloist, who was awarded the medal for the most outstanding soloist of the late Victoria Musical Festival. Chris Wade and his stage band will also be featured, and smiling Jack Medford will officiate as master of ceremonies.

## COMMONS IS SPEEDING WORK

House Starts Forenoon  
Sittings; Prorogation By  
June 8

Ottawa, May 27.—The House of  
Commons today began forenoon ses-  
sions. Even with morning, afternoon  
and evening sittings from today until  
the end of the session, prorogation will  
hardly take place before the end of  
next week.

The report of the committee on agri-  
culture, now being drafted in respect  
to grain mixing at the terminals and  
new standards, amendments to the  
Dominion Elections Act, amendments  
to the Supreme Court Act, measures  
to give Alberta, Saskatchewan and  
Manitoba control of their waterpowers,  
the Canada-United States Eockeye  
Salmon Fisheries Treaty and estimates  
for all departments, excepting the Post  
Office and External Affairs, will remain  
yet to be approved upon by the legis-  
lators.

Reorganization of the Canada Grain  
Board will not likely be carried out  
until after prorogation. It is under-  
stood, though, that the Government  
intends to name the new personnel be-  
fore July 1 in time to look after the  
new grain crop.

The sitting this afternoon began at  
11 o'clock.

## FAMOUS FLIERS OPEN NEW "FITZMAURICE" AIRPORT

Probably you've never seen so  
many famous fliers in a single  
photo. For when Fitzmaurice  
Field, fine new airport on Lewis  
Island, was dedicated the other  
day, many a celebrated pilot came  
to give best wishes to the project.  
Above, left to right, are Clara  
Adams, Stroudsburg, Pa., who flew  
to Germany on the Graf Zeppelin;  
Elinor Smith, holder of the  
women's endurance record; Char-  
lotte Chamberlain, transatlantic  
flier; Thea Rasche, German avi-  
atrix; Col. James Fitzmaurice, Irish  
co-pilot of the Bremen; Bert  
Acosta, Pan American flier; and  
Commander Byrd. At the right is  
an air view of the crowd at the  
dedication of the new field.

## TWO IN AUTO ARE DROWNED

Girl and Youth Victims of Ac-  
cident in Alberta

Calgary, May 27.—Gladys Knowles,  
nineteen, and Tony Nicholas, twenty-  
one, were drowned last night when  
the car in which they were riding fell  
over an embankment seventy feet into  
the Old Man River, eighteen miles  
from Coleman, at Lundbrek Falls. The  
two were riding in the back seat of the  
car and were unable to get free when  
Jeff Knowles, driving, set the machine  
over the bank. The driver was able to  
extricate himself and Miss Minnie Par-  
sons, who was riding with him in the  
front seat.

Miss Parsons comes from Frank, Al-  
berta. Coleman is the home of Jeff  
Knowles, as it was of Gladys Knowles  
and Tony Nicholas.

## Jacques Seydoux Dies in Paris

Paris, May 27.—Jacques Seydoux,  
one of France's most noted economists,  
died yesterday at the age of fifty-  
eight. His career as commercial di-  
rector at the Foreign Office was mar-  
velous because by sheer will power  
for many years he made his mind work  
while his crippled and twisted body  
kept him in agony. He frequently  
had to be carried and used a ladder  
to get into a specially built car.

## Rub the Spine

If you believe the spine is the seat  
of most of your physical ills and more  
people are thinking so every day, just  
give it a gentle massage every night  
with Joint-Ease and watch the help-  
ful results. Many people are getting it  
daily from good pharmacists.

The name is Joint-Ease and it's the  
one big discovery for stiff, swollen,  
inflamed joints—and a tube for only  
60 cents. (Adv.)

## PRAIRIE STORM CAUSE OF DEATH

Regina, May 27.—One man lost his  
life and thousands of dollars' worth  
of damage was done as the result of  
a cyclonic windstorm that struck  
Brownlee, Ponteix, Hazenmore and  
Lafleche districts early Friday eve-  
ning. The man killed was J. C. Kin-  
dred, of Riverhurst, who was dragged  
under a disc harrow when his horses,  
frightened by thunder, ran away.  
Twenty workmen on the Roman  
Catholic Church at Ponteix narrowly  
missed death when the structure fell.  
More than a hundred miles of tele-  
phone lines were put out of com-  
mission.

The cities escaped damage, but in  
some towns and rural areas small  
buildings were demolished, house roofs  
were ripped off and telephone and  
telegraph lines were broken and  
twisted. Fire also took its toll, follow-  
ing the bolts of lightning.

**SUFFERED MOST**  
The Lafleche, Ponteix and Brownlee  
sections were the hardest hit.  
At Ponteix the property loss ex-  
ceeds \$25,000. The Roman Catholic  
Church, under construction, was  
levelled by the wind and reduced to  
matchwood. Small farm buildings  
and granaries were flattened to the  
ground and extensive damage was  
caused to telephone lines.

## NO ACCLAMATIONS IN SASKATCHEWAN

Regina, May 27.—A contest in every  
constituency, with no acclamations on  
nomination day, May 30, is a prospect  
that faces the electors in the Sas-  
katchewan general election when they  
go to the polls June 6.

To-day there are 135 candidates in  
the field to contest the sixty-three  
seats. There are eleven three-cornered  
contests and these may be increased by  
four when nominations are officially  
filed next Friday.

Every device known in modern elec-  
tion engineering methods is being used  
in the present campaign and the radio has  
played a prominent part. The most  
remote corners of the province can be  
reached by radio. Instead of the "one-  
meeting-a-night" programme of the  
old days, the automobile has made it  
possible for nominees to reach at least  
two meetings each night and some-  
times three.

## WINS CHECKER TILTS BLINDFOLDED

Just to make it harder, Newell W. Banks, United States checker champion,  
played blindfolded in an exhibition in Milwaukee the other day, playing  
three games simultaneously. By a system of numbers, his opponents de-  
scribed the status of the boards. Banks, forming a mental picture of the  
play, won all three games.

## New Knitted Wool Sports Suits

Emphasize the Slender  
Athletic Silhouette

One just can't play a good game of golf if annoyed by  
uncomfortable clothes or hesitant to make a strenuous  
drive lest one's costume should become disarranged.  
Choosing the right golf togs is indeed one of the fine points  
of the game. These knitted frocks of fine wool, zephyr-  
like in weight, firmly woven, yet elastic, with pleats just  
where you'll need them, are all that can be desired by the  
most ardent golfer.

## Duncan Crowns New May Queen On Empire Day

Duncan, May 27.—Under the auspices of Cowichan Chapter, I.O.E., an Empire Day ceremony was held in the grounds of the public school, Duncan, on Thursday morning. School pupils marched past the flag, which was held by Mrs. F. R. Gooding, standard bearer of the chapter. In the absence of the regent, the first vice-regent, Mrs. C. F. Davis, explained the ceremony, and Captain Hordley gave a brief address. Mrs. Davis handed J. N. O'Neill, principal of the public school, the challenge cup the I.O.E. presented for junior sports.

On Thursday afternoon at the agricultural grounds, Miss Dorothy Owen was crowned "May Queen." After a procession of decorated cars she was escorted to her throne by Major Prevost. Two little pages, Billy James and Arthur Mann, walked in front. The ex-queen, Josephine Jackson, escorted by R. A. Thorpe, chairman of the consolidated school board, was followed by the maids of honor, Maxine Weston, Kathleen Rattie, Kate Auchinachie, Phyllis Galt, Helene Phillips, Violet Williams, Mary Beaton and Laura Brown. After the coronation, twenty-eight children danced round two gaily decorated floats. The rainbow country dance was given by pupils of Miss Naylor.

The programme of sports comprised fifty-one events. The winners of the most points for seniors and division six for intermediate grade. York Road School won the I.O.E. Challenge Cup for juniors. Eric Pitt won the cup for the best individual scores. York Road School won the prize for best-decorated car, decorated by Mrs. Murchie, Mrs. C. Green and Miss Naylor.

Mrs. F. Carless left on Thursday night for Cadet, Sask., where she will make an extended visit with her sister, Mrs. Watson, and her father, Mr. Morden.

Fred Scholey of the Canadian Rover arrived in Victoria on Thursday and will spend a few days with his parents, Mr. and Mrs. F. Scholey, Royal Oak.

Miss Helen Elliot of Victoria is the guest of Mrs. J. E. W. Houston, at her summer home, Beaver Lake.

Mrs. N. Musgrave of Vancouver, was the guest of her sister, Mrs. Campion, Wilkinson Road, over the holiday.

Mrs. Fox and Mrs. Pebern of Vancouver, arrived on Friday and will be the guests of Rev. W. P. and Mrs. McHaffie for the week-end.

An enjoyable tea was held at the home of Mrs. H. C. Oldfield and Miss Oldfield on Wednesday, in aid of the V.A. of St. Michael's Church. Many visitors from Victoria, Prospect Lake and Strawberry Vale were present. Tea was served by the hostess, assisted by the ladies of the V.A.

Miss Hardy of Victoria is the guest of Mr. and Mrs. J. C. Nicholson, East Road, for a few days.

T. W. Goodhue returned on Wednesday from Vancouver.

**Sewer Gas May Smell Bad, But It Isn't Really Poisonous**

BY DR. MORRIS FISHBEIN

Before the advent of modern plumbing, houses were damp and all sorts of odors were likely to emanate from the basement. These were odors of decaying material of one type or another. In the old days, before modern piping came into use, leaks were not infrequent and odors of putrefaction seeped from the sewers and the drains. At that time, also, the causes of typhoid fever, of dysentery and of many other diseases that afflict human beings were unknown. True, careful observation had related them in some way to putrefaction, to water, and to milk and other food substances, but the definite relationships were not understood.

Because of the unsanitary conditions generally associated with bad plumbing, bad housing and crowding, people living in residences in which such matters were not as they should have been developed numerous diseases. Hence the simple mind, putting one and one together, argued that the sewer gas was responsible for the disease.

To-day we know that definite bac-

terial organisms cause typhoid fever and various types of intestinal infection and that diseases are conveyed to the human being either by carriers of the disease—people who have had the disease and recover, but who still carry the germs about with them—or by infected food, water or milk.

The germs which act on the by-products of digestion and produce the nauseating gases from the sewers do not travel with the gas into the air and thus affect the human being. The sewer gas itself is not a poison in the same sense as carbon monoxide or illuminating gas is a poison.

The sewer gas may mix with the air and nauseate through its odor, but it does not produce disease. It is an indication of bad plumbing and the plumbing needs to be corrected.

Eyes should be washed out morning and evening by use of an eye cup. Boracic acid solution is just as effective and much less expensive than commercial eye lotions.

**QUEEN'S REPLY TO GREETINGS**

Her Majesty Celebrated 62nd Birthday at Windsor Castle Sunday

London, May 27 (Canadian Press)

Cable—Queen Mary, spending her sixty-second birthday at Windsor Castle yesterday, received birthday greetings from the citizens of London, to which she replied by wire as follows, to the Lord Mayor:

"From the valley of the shadow, the King has been restored to his people and with a realization of the nation's faith and hope, I look back with gratitude to the fervent prayers and earnest wishes which supported me and those dear to me in the dark days of our anxiety."

**THE EVER-READY HANDKERCHIEF**

One Mother says: I have used a method which I think is a time-saver as well as a guarantee that my child always has a handkerchief when she goes to school. I iron the handkerchiefs the first thing when doing the weekly ironing and put them on a little rack by the ironing board. Then as I iron Mary's blouses, I slip the proper handkerchief into the pocket of the blouse. This is a saver of time at the last minute before going to school and has saved my patience and temper many a time.

**Let's have a look at the motor in this new BUICK**

Smart, modern in appearance and such comfort inside! One of the new Buick models on the 121-inch chassis

**... what would hard carbon from burned oil do to it?**

**R**EAD the motor car advertisements. They talk of speed and power and efficiency. Truthfully, too, because modern engines are marvelously built.

Buicks are not only new in body style—they have bettered their motors as well.

But today's motors have no room for carbon deposits. The car makers have thrown the responsibility where it belongs—squarely on the refiner of motor oils!

No more big inefficient engines with space for a quarter inch layer of coke-carbon. No more expensive carbon scraping for owners to worry about—provided they choose their oil wisely.

Not all oils can qualify. Many of them are good enough lubricants but have a tendency to form large quantities of hard carbon. However, there is one oil that actually forms only 1/3 to 1/5 as much carbon as even the costliest oils you can buy.

It is Shell Motor Oil. The little carbon it does form is only a soft soot that blows easily away through the exhaust.

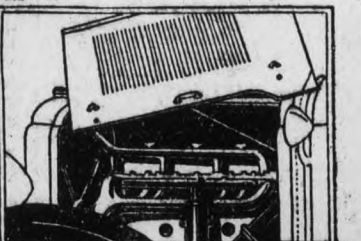

It saves you the knocking, engine strain and valve trouble which carbon forming oils cause. No gritty particles of carbon are left to chafe bearings and cylinder walls. Shell Motor Oil forms no hard, gritty carbon.

It is a finer lubricant, too. The special process by which it is refined assures that. High-vacuum stills refine it gently, keeping its "body" intact and giving it a wonderful resistance to heat.

So in Shell Motor Oil you get two unique features—things most essential in a modern oil. First no clogging, gritty carbon; secondly, a lubricant able to stand the strain of present day speeds. Let no other oil go into the crankcase!

Even the costliest oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil

An equal sample of Shell Motor Oil left only this small fraction of carbon—it is soft carbon, not the hard, gritty, damaging kind

The famous valve-in-head Buick motor is one of the finest pieces of automotive engineering. But remember that none of the new motors have any waste space—space where carbon can deposit. Oils that form hard carbon will cause trouble in any motor!

# Pittsburgh Looms Up As Threat In National League

## Display Strength By Winning Two Games From Cards

Doubleheader Defeat for St. Louis Lowers Them to Second Place; Rogers Hornsby Hits Home Run as Cubs Defeat Cincinnati 5-1 to Lead League by One Game; Philadelphia Retains Safe Lead in American by Chalking Up Eleventh Straight Victory at Expense of Washington, 4-3; Yankees Humble Boston; Ruth Poles Out His Ninth Home Run.

The Philadelphia Athletics shifted the scene to the Capitol City yesterday in the American League and shaded the Washington Senators by 4-3 for the eleventh straight Philadelphia victory, nine of which have been at the expense of the Senators.

The victory maintained the Athletics comfortably ahead of the field, four games ahead of the St. Louis Browns, who shaded Cleveland 1-0, and five and a half games in front of the New York Yankees and the Detroit Tigers, who rest in a virtual tie for third place.

Old Red Faber applied the one-hit treatment to the Tigers in Chicago to win by 2-0 as the Yankees went on a spree in Boston to halt the Red Sox by 15-4.

Babe Ruth's ninth home run was the crowning blow in a sixteen-hit assault.

Rip Collins scattered seven Indian hits over Willis Hudlin by 1-0 on only five safe blows by his St. Louis comrades.

**PIRATES WIN TWO**

The Pittsburgh Pirates definitely inserted themselves into the National League fight for the moment at any event, by taking both ends of a doubleheader from the St. Louis Cardinals at Sportsman's Park. The scores were 12-8 and 7-5.

The Chicago Cubs, aided by a Hornsby home run, had little difficulty in turning back the Cincinnati Reds by 5-1 at Chicago.

The Sunday results in the National League left the Cubs leading the Cards by a margin of one full game.

The Brooklyn Robins completed the National League programme by cleaning up their third straight win over Philadelphia, 5-4.

**AMERICAN LEAGUE**

Cleveland, May 27.—Rip Collins held the Indians to six hits and handed them their second shutout of the series, 1-0, yesterday.

Batteries — Collins and Schang; Hudlin and L. Sewell.

Washington, May 27.—The Philadelphia Athletics continued to strengthen their first place American League position at the expense of Washington by winning yesterday's game, 4 to 3.

Batteries — Quinn, Rommel and Cochran; Braxton, Marberry and Tate.

Chicago, May 27.—Urban Faber turned back the hard hitting Detroit Tigers with a one-hit 2 to 0 defeat yesterday. The lone hit was a single by Gehring in the fourth.

Batteries — Carroll and Phillips; Faber and Aubrey.

Boston, May 27.—The Yankees swept on by a wave of heavy hitting swamped the Red Sox by a score of 15 to 4 in their first game of the series here yesterday. Babe Ruth hit his ninth home run of the season.

Batteries — Hoyt, Phipps and Dickey; Morris, Durham, Carroll and Heving.

**NATIONAL LEAGUE**

Brooklyn, May 27.—A counter rally by Brooklyn for two runs in the ninth enabled the Robins to defeat the Phils here yesterday, 5-4. A homer by Cy Williams, with two on in the ninth, gave the Phils a margin, but the Robins came back with the two runs needed to win.

Batteries — Roy, Elliott and Davis; McWeney and Pielich.

St. Louis, May 27.—The Cardinals slipped back into second place in the National League yesterday by dropping both games of a doubleheader to Pittsburgh, 12 to 8 and 7 to 5.

Batteries — French, Grimes and Hargreaves; Haines, Alexander and Wilson.

Chicago, May 27.—Chicago trounced Cincinnati 5-1, here yesterday. Guy Bush won his first straight victory of the season.

## Dempsey Severs Relations With Humbert Fugazy

New York, May 27.—Jack Dempsey, former heavyweight champion, severed relations to-day with Humbert Fugazy, New York promoter, and announced that he would promote boxing matches in conjunction with the Coliseum in Chicago starting next fall.

## CALLAHAN TO DEFEND HIS TITLE

Junior Welterweight Champ Will Meet Dummy Mahan To-morrow Night

Leo Lomski Matched With Yale Okum; Billy Wallace Meets Flowers

New York, May 27.—The championship match between Mushy Callahan and Dummy Mahan at Los Angeles Tuesday night is the outstanding bout on this week's national fight programme.

Callahan will defend his more or less synthetic junior welterweight crown in a ten-round bout.

Leo Lomski, one of the leading light heavyweight contenders will face Yale Okum of New York in another ten-rounder at Portland, Ore. Tuesday night.

Chicago comes back to the flistic limelight with Sammy Mandell, lightweight champion, in a ten-round non-title watch with Louis (Kid) Kaplan, former featherweight champion, at Mills Stadium Friday night.

**OUTDOOR SEASON STARTS**

Philadelphia's outdoor season begins at Shibe Park to-night with three first class ten-round bouts. Billy Wallace, Cleveland lightweight, and Bruce Flowers, New Rochelle, negro, clash in one of them; George Courtney, Tulsa, Okla., middleweight, and Jack McVey, New York, negro, in another, and Pinky Kaufman, Hartford, Conn., and Baby Joe Gans, Los Angeles, negro, junior welterweight, in the third.

Another bout of outstanding interest occurs in New York at the St. Nicholas Arena to-night when old Mike Nicholas, former lightweight champion, takes his second step in a comeback campaign. McGuire is to battle George Hoffman, former amateur heavyweight champion in a ten-round match.

**RUNNERS FIND GOING ROUGH**

Hot Sun and Bad Roads Bother Competitors in Pyle's Bunion Derby

Fabens, Texas, May 27.—John Salo, Passaic, N.J., increased his lead in C. Pyle's transcontinental foot race yesterday when he tied Gusto Umek, Italy, for first place in the fifty-seven lap from Sierra Blanca, Texas, in 8:11.10.

Herbert Hedeman, fifty-five, the oldest man in the race, ran the 59.4 miles in third place, in 8:43.05.

Pete Gavuzzi, England, tied for fourth place with Sam Richmond, New York, in 9:06.30. Paul Simpson, Burlington, N.C., was sixth, and Guy Shields, Picher, Okla., seventh.

Salo and Umek tried to outrun each other at the start of the day, but for the last thirty-five miles were content to run neck and neck. It was Umek's third straight day in first position.

**ROUGH GOING**

A hot sun and bad roads made the going rough for the bunionists, who trudged for many miles with the hills of Mexico in sight.

Salo's gain yesterday came after he and Gavuzzi had tied in daily time for six consecutive days.

The first five in total elapsed time last night were:

1—John Salo, Passaic, N.J., 370:41.12.  
2—Gusto Umek, Italy, 371:58.02.  
3—Gusto Umek, Italy, 374:53.48.  
4—Sam Richmond, New York, 399:24.42.  
5—Paul Simpson, Burlington, N.C., 404:14.48.

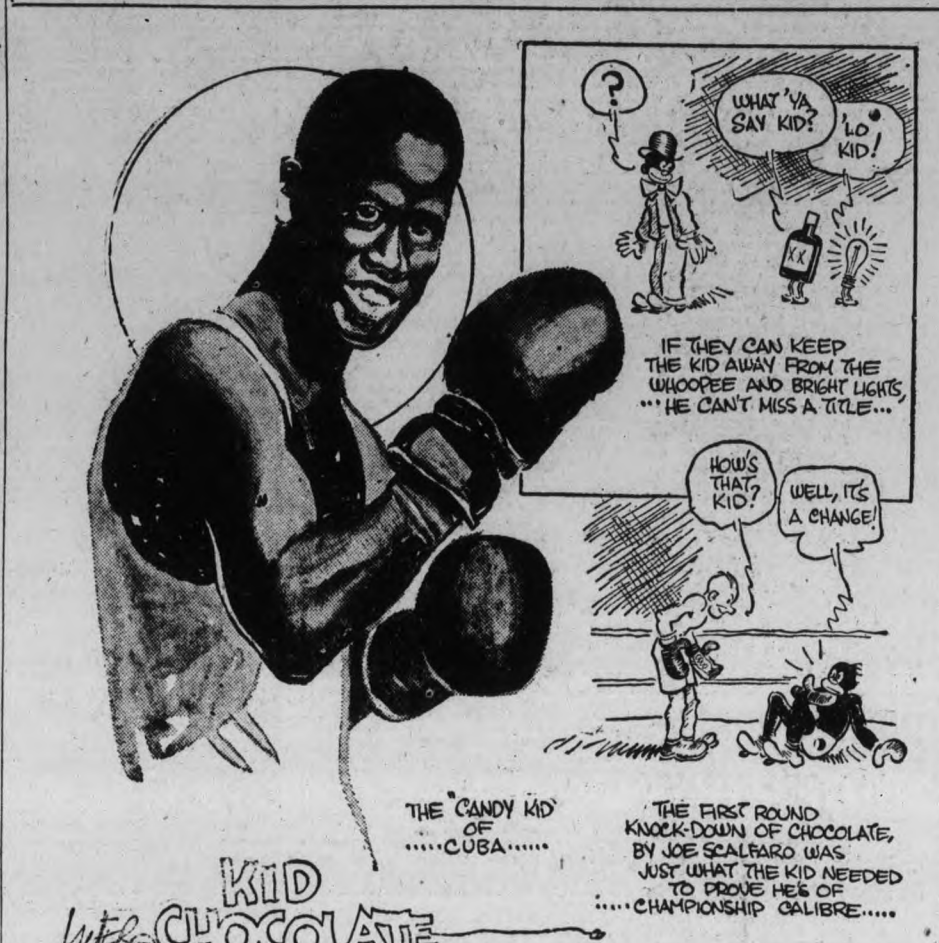

**Two More Horses Are Scratched From the Derby**

Epcom, Eng., May 27.—Two of Capt. J. D. Cohen's entrants in the Derby were scratched to-day, Slipper and Duke of Wellington II. The race is to be run Wednesday, June 5.

**Iowa University Suspended From Big Ten Group**

Chicago, May 27.—Claxmaxing one of the most turbulent years since its organization in 1896, the Big Ten Athletic Conference has expelled the University of Iowa from its membership on a charge of violating the rule against subsidizing athletics.

## THE "KEED" GETS THE "KALL"

Kid Chocolate got the judges' decision over Fidel La Barba recently but the fans didn't agree. Nevertheless, it goes into the record book that the dusky Cuban got the call over the stout Italian from San Francisco. Unfortunately, perhaps, for Chocolate, the bantam crown, which the New York State Athletic Commission decided should go to the winner, was not at stake when both fighters came in overweight.

## Helen Relishes Playing Without Her Stockings

Paris, May 27.—Wimbledon's reported ban on stockless tennis players is attracting more attention at Roland Garros Stadium than the French hard court championships themselves, it would seem.

According to word received here, officials at Wimbledon will permit no stockless players in the centre court at the British championships. Helen Wills, United States, French and English singles champion, thus far has refused to discuss the matter with correspondents, but to a friend she said: "I relish playing without stockings. It gives one more freedom of action. I am not discarding stockings for a fad, but to improve my speed. However, if Wimbledon officials object, I am sure I would not do anything to annoy them."

## Lacrosse Teams Play To-morrow

Meeting in a friendly game preparatory to the season's league fixture, South Park and Oaklands lacrosse teams will cross sticks at the Royal Athletic Park to-morrow evening at 7 p.m.

The teams will line up as follows: Oaklands—Lide, Taylor, Duckworth, Williams, A. Chapman, C. Chapman, Viggers, Cockin, Armstrong, Merriam, Alexander and Smith; reserves, Duncan and Jones.

South Park—Harris, Sheritt, Margison, C. Bissell, McDonald, Sheppard, Brown, Petch, D. Bissell, Fraser, Clarke and Atkins.

## TUXIS ATHLETES MEET ON JUNE 1

Track and Field Trials For National Athletic Meet to Be Held at High School

Local track and field trials for the National Athletic meet of Tuxis groups will be held at Victoria High School grounds on June 1, as the result of plans made by the Victoria group at its meeting in the Y.M.C.A. recently.

The trials will commence at 1:30 p.m. with a meet in the evening for those competitors who are unable to attend the afternoon session.

The various competitions are conducted in much the same way as the Y.M.C.A. hexathlons. All contestants are weighed before the contests. Their marks for the jumps and times for the races are recorded and sent to headquarters where they are compared with the records of other athletes. By doing this the standard of the different clubs in sports is ascertained.

F. V. Shoemaker, when explaining the progress of the meet at the gathering last week, stated that sixty boys had entered for the trials and many more were expected to take part in them.

F. Fiddler, provincial boys' work secretary explained the different events to the boys and urged them to make as high an entry list as possible.

During the meeting a committee was appointed to arrange a tennis tournament for the members of the group to determine the Tuxis champion.

## Mrs. Hew Paterson Wins Up-Island Championship

Victoria Golfer Defeats Mrs. W. G. Mackenzie, 7 and 6, in Final at Qualicum; Norman Thornton Fell Loses Men's Title to T. Havemeyer of Vancouver by 5 and 4; R. Darcus and Mrs. D. Gillespie Winners of First Flights.

Mrs. Hew Paterson, winner of the C.P.R. midwinter tournament here, and runner-up in the B.C. women's championship, won the Up-island golf championship when she defeated Mrs. W. G. Mackenzie of Qualicum, seven and six, in the final at Qualicum yesterday.

Mrs. D. Gillespie defeated Mrs. M. Kennedy, one up, to win the first flight.

T. Havemeyer, of Vancouver, defeated Norman Thornton Fell, defending champion, of Victoria, 5 and 4, in the final of the men's Up-island championship, and E. J. Darcus, Colwood golfer, beat A. T. Goward, of the Victoria Golf Club, 1 up for the first flight honors.

Havemeyer shot a 73 for the first eighteen in the final, while Fell scored a 40 on the first nine and 36 on the second. Although the match ended on the thirty-second green, the winner completed the second eighteen with a card of 76.

The results follow:

**FINAL CHAMPIONSHIP**  
T. Havemeyer defeated Norman Fell 5 and 4.

**FINAL FIRST FLIGHT**  
R. Darcus defeated A. T. Goward, 1 up.

A. T. Goward defeated H. W. Hart 1 up.

**Second Flight**  
R. Cliffe defeated J. R. Washburn 3 and 2.

**Third Flight, Final**  
Colonel Bourke defeated F. L. Baker 7 and 6.

**Fourth Flight, Final**  
Lo Paso defeated R. O. Christy 2 up.

The results in the women's championship follow:

## France's Greatest Net Team Defeated In Fierce Battle

Cochet and Brugnon Go Under Before Fine Playing of Lacoste and Borotra, 6-3, 3-6, 6-3, 3-6, 8-6, Match Lasting Two Hours; Cochet Is Weakest Man on Court; Helen Wills and Francis Hunter, Only Remaining U.S. Players in Doubles Competition, Reach Finals; Other Americans Win After Stiff Fights in Singles.

Roland Garros Stadium, Paris, May 27.—Helen Wills and Francis Hunter, alone of the eleven U.S. players entered in doubles competition of the French hard court tennis championships, have survived the first week's play.

"Queen Helen" and Hunter advanced to the final round of the mixed doubles yesterday by defeating the English pair of Elsie Goldsack and D. O. Collins. The Americans will meet the winners of the match between Mme. Helen La Faurie and Rene Lacoste and Eileen Bennet and Henri Cochet on Tuesday.

Most of the interest was in the men's doubles in which Lacoste and Borotra surprised with a brilliant five-set victory over Cochet and Jacques Brugnon, hitherto regarded in France as an unbeatable combination. The Lacoste-Borotra pair won after two hours of fierce battling 6-3, 3-6, 6-3, 3-6, 8-6.

**COCHET IS WEAK**

Much to the surprise of the spectators, Cochet was the weakest man on the court yesterday. He lost his own service eleven times out of fifteen. Brugnon was the whole show for the losing team, but he could not stave off the fine work of Lacoste and Borotra.

Miss Wills and Hunter displayed their finest tennis in downing Miss Goldsack and Collins 6-2, 6-2. After dropping the first two games of the first set, the Americans ran off eight straight games to win the first set. Miss Wills' overhead game was much better than it has been during the present tournament.

It was a day of unbroken bliss for the Americans. Wilbur Coen caught a Tartar in the second round of men's singles in the person of Leonie Assengul, champion of Armenia, but finally won his way into the third round by scores of 7-9, 6-1, 6-1, 4-6, 7-5.

May Sutton Bundy, who was a great tennis player before Coen was born, successfully passed her first round test in the women's singles with Miss Roberta Payne of France, although she had a battle on her hands before winning 7-5, 7-5.

Hunter is the only American player down on the schedule for to-day. Big Bill Tilden already is in the third round of men's singles and gets a day of rest.

Paris, May 27.—Charles Aeschliman, ranking No. 1 tennis player of Switzerland, defeated Dr. A. C. Rawlins of San Francisco in the second round of the French championship by scores of 7-5, 6-2, 6-2 as to-day's play got under way.

**HORSE RACING**

Calgary, May 27.—Horse racing results here Saturday follow:

Second race—Four furlongs: Mad Whittier, \$5.10, \$2.30, \$2.40; Will Bet, \$2.20, \$2.30; Dr. Zark, \$2.30.

Third race—Mile and a sixteenth: Royal Flush, \$4.10, \$3.20, \$3.10; Bobby Jones, \$9, \$5.50; Plain Rock, \$6.

Fourth race—Six furlongs: Fil D, \$9.20, \$4.90, \$4.10; Klauken, \$3.50, \$3.20; Omarson, \$4.80.

Fifth race—Mile and a sixteenth: Hehukaj, \$10.50, \$6.20, \$4; Prospect, \$5.30, \$4; Black Marquis, \$4.50.

Sixth race—Six furlongs: Belle K., \$4.90, \$3, \$2.10; Peralta, \$3.80, \$3.70; Cap Allen, \$6.40.

Seventh race—Mile and a sixteenth: Bardall, \$4.80, \$2.90, \$2.60; Sea Fairy, \$4.10, \$2.80; Eleven o'clock, \$3.

**Mrs. F. J. Hall And Harold Lineham Win Mixed Foursomes**

Mrs. F. J. Hall and Harold Lineham won the mixed foursomes held yesterday at the Colwood Golf Club. They obtained the fine gross score of 91, which with their handicap deducted, gave them a net total of 76.

The scores follow:

Mrs. F. J. Hall and Harold Lineham, gross 91, handicap 15, net 76.  
Mr. and Mrs. J. H. Lee, gross 103, handicap 19½, net 83½.  
Mr. and Mrs. H. P. Hodges, gross 103, handicap 18½, net 84½.  
Mr. and Mrs. J. H. Richardson, gross 100, handicap 15, net 85.

Mr. and Mrs. T. H. Leeming, gross 104, handicap 127, net 87.  
Mrs. Watson and J. H. Beatty, gross 113, handicap 19½, net 93½.  
Mr. and Mrs. J. H. Stevens, gross 101, handicap 13½, net 87½.

**Phil Edwards Sets New World's Mark**

Havenford, Pa., May 27.—The flying feet of Phil Edwards, dusky West Indian runner from Canada, broke a world's record here Saturday and played a role in the shattering by New York University's team of the long-standing record for the 2,400-yard relay race.

Competing in a special race at the seventeenth annual track and field meet of the middle Atlantic association, the New York University team covered the route in 4:52 2-5.

Edwards ran his 600 yard part of the relay in 1:10 flat, breaking Mel Sheppard's world-mark of 1:10 4-5.

# Percy Alliss Wins German Open Title

## British Pro Plays Steadily to Take His Fourth Crown

Turns in Score of 285 for Seventy-two Holes of Medal Play; Horton Smith, Recently Crowned French Champion, Is Second, Two Strokes Behind Leader; Smith Led Field at Half-way Mark; Johnny Farrell Is Third With 289, Walter Hagen Fourth and Aubrey Boomer Fifth.

Berlin, May 27—Playing consistent golf all the way, Percy Alliss, British professional at the Wansee Club here, won his fourth consecutive German open championship with a score of 285 for the two-day seventy-two-hole medal play competition.

Alliss put together rounds of 70-74 yesterday which, with his 141 for the first thirty-six holes, gave him the title by a margin of two points over Horton Smith, United States professional.

Smith, who led the field at the half-way mark with 140, had rounds of 73-74 yesterday for a seventy-two-hole aggregate of 287 strokes.

Johnny Farrell, United States open champion, scored 145 for yesterday with a total of 289 and third place. A stroke behind him was Walter Hagen, who netted 74 and 72 on his two eighteen-hole rounds yesterday.

Joe Turnesa finished in eighth place with 307 behind Aubrey Boomer, Great Britain, who was fifth with 290, and Sid Drews, South Africa, was sixth with 301.

### SOFTBALL

Still smarting from the beating they received at the hands of The Times Softball nine, The Colonist will take the field with increased strength to-night when the team meets its newspaper rival at the Willows ground.

The Marigold nine, leaders of the league, will oppose the Colwood Wood Company at Colwood, in what should prove an interesting fixture.

In the third game of the evening the Y.M.C.A. will play Victoria West at Victoria West Park.

All games will commence at 6:30 o'clock.

On Friday evening managers of the different teams will meet in The Colonist office at 8 o'clock.

### Noted Racehorse Trainer Is Dead

Gloucester, England, May 27.—Hon. Aubrey Hastings, noted race horse trainer, died suddenly while watching a polo match at Cirencester, Saturday.

### To Play Compston

WALTER HAGEN

London, May 27.—Walter Hagen has yielded to British public opinion and will play Archie Compston, British pro, in two thirty-six-hole matches at Moorpark, near London, May 31, and at Blackwell, Birmingham, the next day. Hagen previously had withdrawn from the matches to take a well-earned rest.

### Uplands Win Team Match With Nanaimo

Home Team Registers Victory in Interclub Match By Score of 22-9

Golfers of the Uplands Club hung up another victory yesterday defeating the Nanaimo Golf Club in an interclub match by twenty-two points to nine. The local team had the edge in both the fourball matches and singles.

In the fourballs played in the morning the home team shared twelve points to their opponents' four. In the afternoon singles were played with Uplands getting ten points and the uplanders five.

The scores follow with the Nanaimo players named first in each case:

## CHEMANUS HAN CAPS A SETBACK

Island Baseball Champions Tossed For 3-2 Defeat in Fast Game Yesterday

McGinnis Twirls Well For Up-Islanders; Capitals Defeat All-stars

Victoria Capitals, champions of the Vancouver Island Baseball League, suffered their first defeat of the season yesterday when they journeyed to Chemainus and were handed a 3-2 setback. This was the Caps' first trouncing in four starts. The Up-Islanders played good ball behind the steady pitching of McGinnis and the Victoria club was never able to take the lead.

Last season the Capitals were defeated in their first appearance at Chemainus by a lone run and this year the Up-Islanders came through to win by a single counter. McGinnis, a left hander who twirled for Nanaimo last season, had the Caps well in hand. He only allowed four hits and struck out nine. Norm Forbes, who was on the mound for the champions, was nipped for six hits, while he struck out the same number as his opponent.

CHEMANUS TAKE LEAD  
Chemainus got away to a two-run lead in the fourth inning. With two men on the bases and two out, McGinnis drove a fine ball past Forbes. Cummins' second base rushed in and made the play to first. The majority of the Victoria players thought the umpire had called the runner out and threw their gloves away and started for the bench. However, the player at first was safe and two runners had crossed the plate before the Victoria team got back into their positions.

The Capitals managed to squeeze one runner home in the fifth. In the sixth the Victoria team loaded the bases with nobody out, but were only able to score one run and tie the score.

CHEMANUS scored the winning run in the seventh inning. Robinson, the first man up, hit safely and was advanced to second on a sacrifice. The next batter struck out. McBride lifted a long fly to centre field, but Roy Copas left the ball for Minnis, in left field, but he was unable to gather the apple in and the ball fell into the hands of the Victoria team.

The teams put up a good exhibition of ball and a good crowd was in attendance.

CHEMANUS will make their first appearance here next Saturday afternoon and the Capitals are confident of obtaining their revenge.

In one of the best exhibitions of baseball seen here for some time the Victoria Capitals defeated the Senior League All-Stars, 4-1, at the Royal Athletic Park Saturday evening. The Capitals were substituting for the University of Washington, who, for some unknown reason, failed to put in an appearance.

Sid Shaw, formerly with Burnaby, was on the mound for the Caps, and he turned in a fine performance, allowing three scattered hits, while he struck out three. Stickney twirled for the All-Stars and was nipped for nine safeties, while he breezed ten.

The teams battled along scoreless until the sixth inning, when the Capitals drove two runners home. Minnis hit safely and advanced to second on a wild throw by Stickney. Forbes was safe when an attempt was made to steal Minnis at third. He stole second. Minnis and Forbes scored on Dunn's two-bagger over the second sack.

The All-Stars scored their lone run in the eighth when Green poked out a three-bagger and scored on Dunn's error.

### COLLEGE AND INCOGS WIN

Brentwood Boys Defeat Wanderers While Incogs Beat Cowichan Eleven

Brentwood College and Incogs were the winners of the league cricket matches played Saturday. The matches were played under poor weather conditions with the bowlers doing well on the wet pitches.

The college defeated the Wanderers by 117 runs to 40. Wootton and J. Mitchell made a splendid last wicket stand for the school boosting their total by some seventy runs. Mitchell of the Wanderers gave a fine bowling display by taking six wickets for ten runs.

The Incogs-Cowichan match was featured by Sparks' fine score of 122 before he was caught by Leggett. R. Wenman took seven of the Cowichan wickets for only eight runs.

### Lougheed Favored To Win Handicap Aggregate Prize

With only two swimming handicaps left on the schedule for the season, Wilf Lougheed, young V.A.S.C. swimmer, is counted the favorite to take first honors in the aggregate point competition.

At present Lougheed has a total of twenty-six points. He is followed by Frank Hyslop with twenty, and George Wellburn with eighteen.

Hyslop has a chance to win the laurels if he wins the next events. Wellburn can overtake Hyslop with two victories, but cannot win the aggregate prize.

In the ladies' division competition is Keener. Betty Pollard leads the list to date with a total of twenty-four points. Her sister, Winnie, is second with twenty-one, while Phyllis Hodgson stands a close third with eighteen.

Either of the latter two can displace the leader with victories in the next two races.

## AUSTRALIANS HERE TUESDAY

Party of 160 Boys Will Arrive From Mainland To-morrow for Two-day Stay

Think Girls in This Country Make-up Too Much, But Thank Them for Hospitality

Victoria will be the last Canadian city to be visited by the 160 members of the Young Australia League who are at present stopping in Vancouver, before they return to their native land. The party will embark for Victoria at 10:30 a.m. to-morrow. They will leave here on the R.M.S. Aorangi for Australia Wednesday evening.

Major J. J. Simms, in charge of the party, expressed great satisfaction in Vancouver with the success of the tour and the hospitality accorded the tourers throughout the continent. The party, which is the fourth sent to North America under auspices of the Young Australia League, landed at San Francisco six months ago. From San Francisco the party journeyed around the continent, stopping at most large cities in United States and Canada, including New Orleans, New York, Chicago, Montreal, Toronto and West-ern Canada cities.

At Calgary, in accordance with their custom, the Australians picked up a Canadian boy and brought him along for a trip to the coast. He goes by the name of "O Canada" among his Aussie friends.

**OBSERVING YOUNG MEN**

Several of the Australian youths when asked in Vancouver for their impressions of Canadian girls, declared that the average Canadian and United States girl of the east was not as pretty as the Australian girl because the former employ too much powder and paint. They expressed gratitude, however, for the hospitality accorded them.

The party spent Wednesday inspecting the city after their arrival in Vancouver. Thursday the Australians witnessed the first logging operations seen during their tour as guests of the B.C. Lumbermen's Association. Friday and Saturday were spent in Chilliwack, while Sunday and to-day the visitors are free from official inspections with their Vancouver hosts.

The boys are accompanied to Victoria by a full military band, which will be heard here before they leave for their homes across the Pacific.

The boys will be met at the boat by city and other officials and will be welcomed at the Parliament Buildings by Premier S. F. Timmie. A drive to Esplanade Gardens for tea will follow. At 4:45 p.m. the to-morrow morning will be the guests of the B.C. Government at a dinner to take place at the Empress Hotel. After this dinner the boys will be entertained at a banquet at the Empress Hotel. The majority of the boys will be introduced to their charges at the Empress Hotel. A brief concert by the Young Australia League band will close the first day.

On Wednesday the party will be given an opportunity by the Chamber of Commerce to see over two Victoria sawmills, and will be entertained at luncheon by the Rotary, Kiwanis, Gyro and Usadain clubs at a joint function. Swimming and sports at the Crystal Gardens will follow on Wednesday afternoon, while the City of Victoria will be host to the boys at a dinner at the Empress Hotel on Wednesday evening. The sailing hour is set for about 8 o'clock that night.

His Honor the Lieutenant-Governor and many Victoria hosts have promised to bid over 125 of the party for the two-day period, while other arrangements will be made for all not placed before the time of arrival to-morrow afternoon. The Provincial Government, City Chamber of Commerce and Service Clubs are co-operating in the entertainment features.

### Ganges

Ganges Chapter, I.O.D.E., held their annual rummage sale in the I.O.D.E. room on Saturday afternoon. Mrs. A. B. Elliot, in charge of the clothing sale, realized about \$25. Tea was served and home made candy found ready purchasers.

Master Gordon Bittancourt returned on Saturday from Victoria. He has been visiting his sister, Miss Bernice Bittancourt, who recently returned from California.

George Elliot broke his arm on Saturday morning when cranking a car. Mrs. A. Clark has returned after a three months' visit with her son and daughter-in-law at San Luis Obispo, California.

Miss Boulton of Vancouver is visiting her sister, Mrs. A. Rowan at Ganges. Mrs. Douglas Hamilton left on Saturday to spend a week with relatives at Keating.

Mr. and Mrs. C. R. Wetherell of Ganges have left for the Lookout Station on the summit of Mount Bruce, above Fulford Harbor, where Mr. Wetherell will resume his position, for the summer months, of fire warden for the British Columbia Forestry Department.

Miss Lois Wilson of Burnaby is the guest of her aunt, Mrs. Fred Crofton, Ganges Harbor.

Miss Rose Hamilton of Keating, Sanich, is the guest of her sister-in-law, Mrs. Douglas Hamilton, Ganges.

Miss Van Robertson of Vancouver, who has recently returned from a trip around the world, arrived last week on Salt Spring Island, and will remain for some weeks as the guest of Mr. and Mrs. Fred Crofton, Harbor House, Ganges.

Mr. and Mrs. W. E. Scott of Ganges, returned on Friday from Duncan, where they have been visiting and attending the graduating exercises at the King's Daughters' Hospital.

Mr. and Mrs. J. Akerman Jr., who were married last week in Vancouver, are spending a holiday with friends at Ganges. Mrs. Akerman was formerly Miss Sybil Macdonnell, on the staff of the Lady Minto Hospital, Ganges.

Mr. and Mrs. John Walcott, accompanied by their son, Charles, of Maple Bay, are spending a few days at North Salt Spring Island, the guests of Mr. and Mrs. J. D. Halley, "Sandal."

Mr. and Mrs. C. S. Stuart-Holmes left recently for the Old Country via Fenama, and will visit Germany. They do not intend returning to Salt Spring before November.

Mrs. Spalding Irving, Pender Island, is registered at Harbor House.

Mrs. F. H. Walter is spending a week at Esquimalt, the guest of her sister, Mrs. W. Scott Ritchie.

Miss Florence Eagle left on Monday for Victoria to visit her mother.

Mrs. N. L. Young left on Thursday for Calgary where she will be the guest of relatives before proceeding to Portland.

Mrs. W. Rogers is in charge of Ganges junior public school, during the absence of Miss F. Eagle.

## WINS RACE

George Lewis Takes Honors  
in Eight-mile Road Race in  
Record Time

Traveling over the eight-mile  
course in the record time of forty-  
eight minutes and eighteen seconds,  
George Lewis, running for Gault's Ltd.  
of Vancouver, captured the honors in  
the senior road race held Saturday,  
under the auspices of the Pro Patria  
Branch of the Canadian Legion, in  
connection with the May 24 celebra-  
tion of the centennial of the British  
Columbia colony.

The five-mile junior race in thirty  
minutes and fifty-two seconds.

Despite the heavy downpour of  
drenching rain all the runners lined  
up for the start and ran more than  
half the distance with the elements at  
their worst. When they returned to  
the starting tape, however, the sun  
had come out and a large crowd was  
on hand to applaud the racers as they  
sprinted home. Large numbers of  
people assembled on street corners  
along the course of the run and gave  
the boys a helping cheer.

Charlie Miller of Alberni was second  
in the senior event, coming in twenty-  
five feet behind Lewis. Norman Ar-  
strong, also of Gault's Ltd. of Van-  
couver, was third, and Felix Luck-  
ovich of Shawinigan, Lake, but running  
under the Victoria Y.M.C.A. colors, was  
fourth. The youngest entrant in the  
event, Ray Kersey of the Victoria High  
School, finished fifth.

## FORGES AHEAD

In the junior event Bill Shields of  
Victoria had the lead to the half-way  
mark, when George Williamson forged  
ahead and kept that position to win  
the race. Shields finished second, the  
third place going to Ian McDonald,  
also of Victoria. Half a minute be-  
hind McDonald came Fred Leoffler to  
take fourth place. Reg. Stofor was  
fifth, and L. B. Davies was sixth. Tom  
Conventry, one of the best junior run-  
ners in the city was forced out with  
a severe stitch.

Chief of Police John Fry acted as  
starter. Alderman James Adam as offi-  
cial judge, and John Baxter as time-  
keeper. Other officials were T. Davies,  
chairman of the race committee, H. G.  
Thatcher, J. Garfield, J. Corbett, T.  
Mayo, A. G. Brooks, M. Magee, J.  
Sparks, L. Burnett, T. Davies, H.  
Charlton and L. A. Whitlaw.

## I.O.D.E. INVEST

MEMORIAL FUND  
IN B.C. BONDS

(Continued from page 1)

Invest in these B.C. bonds because  
they were looked upon as absolutely  
the best buy on the market. Evidently  
that view was shared by many other  
investors, for we had difficulty in  
getting them, they were snapped up so  
quickly as soon as they were placed  
on the market.

At the end of the financial year,  
the finance committee of the I.O.D.E.  
Chapter met in Toronto with the au-  
ditor, who announced that the cash  
balance of the order's war memorial  
fund was at a sufficiently high figure  
to permit of a further investment of  
\$10,000 in gilt-edged securities.

Consultation was held with the  
various banks and financial houses  
with a view to securing the best as to  
the best investment, and information  
was received that an issue of British  
Columbia bonds was about to be  
placed on the market. The finance  
committee decided, on the advice of  
financial experts, to wait for this, and  
immediately they were placed on the  
market took steps to purchase \$10,000  
B.C. five per cent bonds, maturing in  
April 25, 1954, and yielding five per  
cent interest.

This purchase was made by the  
finance committee only a few days  
ago on the eve of their departure for  
Victoria to attend the twenty-ninth  
annual meeting of the National Chap-  
ter which opens here to-night.

## M'RAE TALKS OF

## SALMON TREATY

Ottawa, May 27.—The Sockeye  
Treaty was considered to-day by the  
marine and fisheries committee of  
the Commons. It will be before the  
committee again to-morrow afternoon.

## TO SHARE OUTLAYS

W. A. Pound, Deputy Minister of  
Fisheries, stated the treaty was a mat-  
ter of the two countries concerned,  
Canada and the United States, shar-  
ing expense to do something essential  
to build up a run of fish common to  
the two countries.

"The crux of the treaty is rehabili-  
tation of these fisheries," he said.  
There would be a joint effort to  
study the question.

"Who drafted the treaty?" asked  
Maj.-Gen. A. D. McRae, Conservative,  
North Vancouver. "I am told by our  
legal friends it is drafted very amate-  
urously."

Mr. Pound replied he had drafted  
the treaty, but had referred it after-  
wards to the Department of Justice.

## ALL WANT TREATY

"Every man on the Pacific Coast  
wants a sockeye salmon fisheries  
treaty, but only a few want this  
treaty," said General McRae.

He objected against the extension of  
the northern boundary under this  
convention as contrasted with the  
northern boundary under the 1920  
pact. "I object to dividing up with  
American fishermen, fish which they  
have had no opportunity to catch,"  
he proceeded.

This portion of the treaty would  
work a hardship on his constituents,  
he thought.

The marine and fisheries committee  
had been promised in 1927 that no  
treaty would be made before it was  
submitted to the committee, accord-  
ing to his understanding. General Mc-  
Rae said.

Chief of Police John Fry acted as  
starter. Alderman James Adam as offi-  
cial judge, and John Baxter as time-  
keeper. Other officials were T. Davies,  
chairman of the race committee, H. G.  
Thatcher, J. Garfield, J. Corbett, T.  
Mayo, A. G. Brooks, M. Magee, J.  
Sparks, L. Burnett, T. Davies, H.  
Charlton and L. A. Whitlaw.

The transferring of spawn from  
Skeena River to the Fraser River was  
questioned by General McRae. During  
the period 1916-21 the catch of sock-  
eye salmon from the Skeena River was  
116,000 cases annually, approximately;  
from 1921-24 it was about 104,000 cases  
yearly and since 1924 approximately  
80,000 cases annually. These figures  
indicated a yearly decline, General  
McRae said.

The Skeena catch was entirely for  
Canadian fishermen, while the Fraser  
river catch was divided with the  
Americans, he said.

"The wisdom of transferring spawn  
from the Skeena River to the Fraser  
River is open to serious questioning,"  
he said.

## Committee Of U.S.

House Urges Higher  
Duty On Flaxseed

Washington, May 27.—The House  
Ways and Means Committee to-day  
decided to recommend an amendment  
to the tariff bill to increase the duty  
on flaxseed to 63 cents a bushel. The  
measure now proposes a 56-cent rate  
against a present duty of 40 cents.

The present rate was raised from  
35 to 56 cents under the flexible  
tariff provision.

Another amendment approved by the  
committee would raise the rate on un-  
dressed wrapper tobacco from the  
present rate of \$2.10 a pound to \$2.50,  
and that on stemmed wrapper tobacco  
from \$2.75 to \$3.15.

A rate of \$10 a ton on broom corn,  
now on the free list, would be pro-  
vided under another amendment ap-  
proved by the committee.

The \$10 a ton rate on broom corn  
also would apply to rice fibre and rice  
straw.

## HIGHER DUTY

ON POTATOES

Washington, May 27.—The rate on  
white potatoes in the Hawley tariff  
bill has been increased from 50 to 75  
cents a hundredweight. Canadian im-  
ports into New England markets will  
be affected.

## EARTH SHOCKS

AT PRINCE RUPERT

Prince Rupert, May 27.—Earth  
shocks were distinctly felt here  
starting at 2.40 p.m. yesterday and  
lasting about 30 seconds. Houses  
swayed and dishes rattled, but no  
damage was reported. At the Digby  
Island lighthouse station the shocks  
rocked the building. Cowichan also  
reported an earthquake.

## Endurance Flight

Minneapolis, Minn., May 27.—The  
monoplane Miss Ranger, piloted by  
Gene Shank and Owen Haugland, was  
forced down shortly after 1 o'clock to-  
day due to lack of gasoline.

The flier who took off at Wichita,  
Kas., Saturday morning had been in  
the air slightly more than fifty-two  
hours when they were forced to de-  
scend.

Originally christened Miss Minne-  
sota after the flier had arrived over  
Minneapolis yesterday.

## Stock Transfer

Situation Studied

Ottawa, May 27.—Officials of the De-  
partment of National Revenue were  
discussing to-day the situation re-  
ports that certain Canadian brokers  
were opening offices in Seattle in order  
to escape the operation of the tax on  
sales and transfers of shares of stock.  
No opinion was expressed as to whether  
the stock would be made subject to tax-  
ation if made in the United States. The  
department, it is understood, will in-  
vestigate the situation.

## Divorce Bills Are

Approved By House

Ottawa, May 27.—Rapid progress in  
the passage of divorce bills was made  
by the Commons to-day. After a brief  
delay in arguing a point of order,  
sixty-two divorce bills received their  
reading, each being considered and  
passed individually. Second reading  
was given to twenty other divorce bills.

## OBITUARY

The funeral of Thomas Wallace, who died last Tuesday at the Royal Jubilee Hospital took place Saturday from the Sands Funeral Chapel. Relatives and friends were in attendance, and there were many beautiful flowers. Rev. S. Patterson officiated and the hymns sung were "Nearer, My God, to Thee" and "Peace, Perfect Peace." C. Rose, A. Banny, A. Dixon, D. McKenzie, W. H. Batstone and E. Nimmo acted as pallbearers. The remains were laid to rest in Royal Oak Burial Park.

The remains of Jack Simpson, well-known resident for many years of Port Renfrew, who passed away in Darlington, Snohomish County, Washington, Wednesday, were forwarded to-day by the Sands Funeral Company to Port Renfrew for interment in the family plot.

There passed away Saturday evening, May 25, at the home of her daughter, Mrs. Francois, 350 St. James Street, Mrs. Louise Marie Sutter. The late Mrs. Sutter was born in France ninety years ago and has been resident here for seventeen years. She is survived by one daughter, Mrs. Francois, and two grandsons, John Francois of this city and Charles Varner, San Francisco, Calif. The funeral will be held Tuesday morning at 9 o'clock, the cortege proceeding from the S.J. Curry &amp; Son Funeral Home to St. Andrew's Cathedral. Interment will be made in the family plot at Ross Bay Cemetery.

The funeral of William Roberts, who died Wednesday last, took place on Saturday from the family residence, Songhees Reserve. Many friends were present and the coffin was banked with flowers. The pallbearers were G. Barker, C. Fletcher, C. Cooper, F. Albany, A. Albany and E. George. Rev. John Robson officiated, and interment was made in the Songhees Cemetery. Funeral arrangements were in the hands of the Thomson Funeral Home.

Many friends attended the funeral of Mrs. Matilda Frederickson, which took place on Saturday afternoon from McCall Brothers' Funeral Home, Rev. T. A. Jansen conducted the service in which the hymns "Fide, Fide Each Earthly Joy" and "Abide With Me" were sung. "Here Is a Fountain Filled With Blood" was sung as a solo by Mrs. K. Woods. Interment was made in Metochon Cemetery with the following as pallbearers: J. Doran, J. Welch, J. Milne, W. Gibson, W. Witty and A. Ellwood. Rev. H. M. Bolton conducted the service at the graveside.

## GYROS LUNCH WITH FIREMEN

City's Fire-fighting Apparatus Is Shown to Service Club Members

Chief Vernon Stewart Explains Various Apparatus; Alarm Interrupts

Victoria Gyros to-day learned something about the workings of the fire department. The weekly club luncheon was held at headquarters and was followed by a demonstration of the various pieces of apparatus and of the operating room in which all calls are handled.

Gyro Charlie Mess was the only one who did not know it. When he had a huge respirator device over his head, making him resemble a deep sea diver, an alarm was put in and the engines dashed out in record time, leaving him stranded. He got it off finally.

Fire Chief Vernon Stewart, who was introduced to the club members as a fireman of twenty-two years' experience, gave a short address on the work of the department.

The work could be divided into three parts—fire prevention, fire protection and fire-fighting. It was with fire prevention that the department was concerned mostly in the present day. In old days, fire-fighting had been the chief worry, he said.

The chief spoke of the large decrease in the number of fires through care in cleaning up rubbish and pointed out the necessity for keeping rubbish in a place where it would not always be accessible to match, cigarette butt or other heat or flame.

The danger of a conflagration, which this city had fortunately not suffered in late years, was emphasized by the chief, who referred to the great Berkeley fire of a few years ago in which one-third of the town was wiped out because someone was careless with a cigarette butt.

When one realized that the annual fire loss all over this continent was \$250,000,000, the need for care was evident. When that money went up in smoke, then, the need for care after all the people themselves pay the fire insurance companies, he pointed out.

ALDERMAN WORTHINGTON  
Alderman John Worthington chairman of the fire committee, also spoke a few words, complimenting the Gyros on their large attendance, which, he said, denoted a keen interest in civic affairs.

The approximate value of the city's fire-fighting apparatus was \$200,000 and the costs per year amounted to over \$150,000.

Following a slide down the polished pole to the floor of the station, the Gyros viewed the hose and ladder wagons under the direction of Chief Stewart. Inhalators and respirators were explained and it was in the midst of this that the trucks rushed out on a call, to return a few minutes later.

TICKER TAPE  
The operating room, where a maze of switches and electrical mechanism was evident, was a subject of considerable interest and Superintendent Walter McMicking was kept busy answering a rapid fire of questions. The ticker tape, which the box numbers are punched when calls are entered, was explained and also the methods of notifying outside stations of fire locations. The ticker tape room is valued at over \$40,000, it was explained.

During the luncheon, the firemen's band, with A. Prescott directing, rendered several numbers and received the prolonged applause of the club members. The concert to be held by the band in the Victoria Theatre, May 30, was announced.

## Youth Lies In Hospital After Crash

Kenneth R. Bonner, nineteen, of 1057 Chamberlain Street, lies in the Jubilee Hospital to-day with a fractured thigh as the result of an accident Saturday night in which a motorcycle which he was riding struck a light standard on Fort Street, at Vancouver.

The youth was resting easily and progressing as well as could be expected, Dr. Walter Barry, who is attending him, said this morning.

According to a report of the accident made to the police, Bonner was riding east on Fort Street at the time of the accident. He swerved his motorcycle to avoid an automobile at the intersection of Vancouver, and in doing so the machine collided with the light standard on the southeast corner of the crossing. Light globes were broken by the force of the impact.

He was given first aid by Constables Maurice Wilkinson and George Clark, who attended with the patrol wagon and was afterwards taken to the hospital.

## VICTORIA MEN WILL DIRECT GOLD DIGGING SNOW WORMS

Stephen Jones of Victoria is chairman of the board of directors, David Leeming, president of the Victoria and Island Publicity Bureau, is on the board, and George L. Warren, publicity commissioner, is in charge of the Snow Worm Gold Mining Company, with headquarters at Boise, Idaho, and a branch office at Victoria, according to information in The Grays Harbor Washingtonian.

The company is formed to promote and cross breed the much discussed and oft refuted snow worms of the an international organization with branches all over the world, according to the newspaper story.

The story tells how F. W. Matt Mathias, managing secretary of the Hoquiam Chamber of Commerce, returned from the 2,500-mile Cascadian caravan trip, which the Victorians mentioned also enjoyed, with a new enthusiasm and a revived spirit. The snow worms over whose identity he has waged many a vigorous battle, have been officially recognized and even immortalized. The story tells of the formation of the company during the caravan tour as a distinguished

## BURDEN SILENT ON ISLAND POWER RECOMMENDATION

Vancouver, May 27.—A Victoria special to The Province to-day says: The future of Campbell River will be virtually settled by the executive council through Hon. F. P. Burden, Minister of Lands, following the action of the Provincial Water Board in recommending that the Vancouver Island water powers be developed by the name of which it is not revealed.

Mr. Burden had the Board's recommendation before him to-day, but declined to make it public until he has time to consider it.

He indicated, however, that the board had found that one of the three companies desirous of harnessing Campbell River the most suitable firm to undertake the work. As the board had before it officially only two applications, one from the B.C. Power Corporation and the other from the Canadian Utilities Limited, apparently it has recommended that one of these companies should be allowed to proceed with development plans.

## Black Bear Stirs Cordova Bay Folks Early In Morning

A large black bear was seen on the sand bar at Cordova Bay at 7:30 o'clock yesterday morning. It was seen drinking at the creek by George Driver and Jack Damiles. Mr. and Mrs. Damiles tried to take a photograph of the bear but it disappeared. It is said by Mr. Damiles' dog followed the bear along the beach and through the bushes close to the Little Arctic. C. H. Smith, a keen hunter and present landlord of the Little Arctic, together with Leslie Johns and Mr. Damiles, tracked the big bear for about a mile along the beach, then lost all sight of him. The bear created quite a stir at the bay as Mr. Smith has not seen one around there for twenty-five years.

## Sudden Rain Here Thought New Record

The sudden rain and hailstorm which struck Victoria Saturday brought one of the heaviest precipitations on record, according to figures at the Gonzales Meteorological Observatory.

During the half-hour period from 12:30 p.m. until 1 p.m., 38 inches of rain fell, instruments at the observatory show. This is an average of over two thirds of an inch an hour, which for this city is a deluge.

Two huge black clouds which floated over the city from the northwest brought with them, besides the hail and rain, several loud peals of thunder.

As far as could be ascertained to-day, little or no damage was done by the hail, and the rain proved a blessing for farmers on the southern end of the island.

## BANK SUES ON CLAIMS

Claims totaling \$26,749 and interest are involved in an action by the Royal Bank of Canada and Scott and Peden against Mrs. Kate Vogel, opening in Supreme Court to-day before Mr. Justice W. A. Macdonald. Plaintiff are suing for an accounting of sums said to have been advanced on promissory notes and by mortgage on lands owned by the defendant in the Outer Point area.

The defendant, in a counter claim, alleges she was induced to sign documents the full meaning of which she did not comprehend, and asks for an accounting of all matters outstanding between the parties.

Hearing opened this morning with A. D. Crease for the plaintiffs and Frank Higgins, K.C., for the defendant.

## STONE NOW BEING LAID

Newcastle Island Stone Utilized on Empress Hotel Contract

Additional Sub-trades Are Awarded By General Contractors Are Announced

Entering into a new phase of construction on the Empress Hotel project the stonemasons are now engaged in laying stone on the new wing.

Newcastle Island stone is being used for the exterior wall of the first two floors of building. The remaining floors will be finished in pressed brick with stone trim.

The cut stone blocks are now being delivered steadily from the quarries at Newcastle Island and excellent progress is being made. The stonework to the second story will be completed in about two weeks, when the bricklayers will take possession.

"We are driving right ahead, and the progress made is very satisfactory," to-day said J. Graham Johnson, C.P.R. construction engineer.

Samuel Fox, superintendent of construction for the general contractors, Carter-Halls-Aldinger Company, limited, announced to-day that three other sub-contracts had been awarded on the project.

## ROOF BY LOCAL FIRM

The slate roofing and sheet metal work will be done by the Western Steel Products Company of Victoria, the plastering by F. C. McDougall, and Company of Vancouver, and the ornamental ironwork by the Dominion Bronze Company of Winnipeg.

The roughing in for the plumbing and heating system will shortly be put in hand by Thacker and Holt, the local firm which has this contract.

The woodworking contract for the hotel is being proceeded with by Lemon, Gonnason and Company Limited.

## PALM COURT TO GO

Demolition of the palm court, one of the most attractive features of the Empress Hotel, will be started next month. The space occupied by the palm court will be required for a wide corridor leading to the new wing, the express electric passenger elevators and grand staircase. A section of the palm court will also be utilized for the new stand and check room. This work has to be completed by the time the elevators have been installed.

During the reconstruction operations this part of the hotel will be cut off from the rotunda by a temporary ornamental wall.

In place of the palm court will be built a large conservatory, opening directly off the writing room. The plans call for the enlargement of the present office.

The contractors have just completed work on the kitchen extension made necessary by the appropriation of space for the new elevator shaft. The extension makes provision for pastry shop, butcher shop and soup and vegetable steaming kitchen, with refrigerator space.

The Empress chef and his culinary associates now have double the space for the preparation of viands for guests.

## OFFICERS TELL OF PUBLICITY

Hotelmen's Convention at Spokane Impressed With Island Sport and Resorts

Invaluable publicity for Victoria and Vancouver Island resulted from participation of officers of the Victoria and Island Publicity Bureau in the recent British Columbia and Olympic Peninsula caravan tour to which they were held at Spokane by the Southwestern Hotel Men's Association.

The tour was the subject of a report to-day to the directors of the Victoria and Island Publicity Bureau by President David Leeming and Commissioner, George I. Warren.

The large caravan toured from Seattle to Longview and Portland, traversed the Columbia Highway en route to Walla Walla and Spokane, and was generously entertained in all cities visited. Mr. Leeming praised the public interest in aviation, marked by the general provision of landing fields and beacons for night flying throughout southern and eastern Washington.

The Victoria delegation showed slides and moving pictures of Vancouver Island's attractions. Radio facilities were also generously placed at the disposal of the Victorians.

The caravan grew steadily as it progressed towards Spokane, being accompanied by motorcycle constables for hundreds of miles. Mr. Leeming commented upon the great number of small, comfortable hotels, well operated, with reasonable rates. He pointed to the success of the Victoria delegation in earning assurances, from the operators of those hotels, of efforts to attract travelers to Vancouver Island.

NINE SHOWS DAILY  
Notable entertainment at Lewiston, Idaho, was recalled, and at Spokane Mr. Warren showed his pictures of Vancouver Island nine times on one day, to capacity audiences.

At the evening banquet at the Hotel Davenport the president of the Hotelmen's Association was made an Indian chief, in a colorful ceremony, as the climax of a notable entertainment.

The journey of 2,000 miles had required eight days, and was made with out mishap, the cars returning with the same air in the tires. The cost to the bureau was \$200, and Mr. Leeming was satisfied Victorians had made many good friends among the hotel men of Washington and had been accorded valuable publicity.

Mr. Warren recalled that the slogan of the British Columbia delegation had been "We cannot get the tourists' un- less we interest them in the motto 'Follow the Birds to Victoria.'"

"That policy was adhered to by the delegation the whole time," he said.

MORE FOLDERS  
The bureau will print 10,000 "Follow the Birds" blue folders, with a blank space for convention songs, to be distributed at conventions attended by Victoria bodies.

Representations by the bureau have resulted in changes in the publicity of the Canadian National Railway tri-

The bureau will distribute 50,000 copies, printed at a cost of \$275.

## TO-DAY'S GRAIN MARKETS

Branson, Brown & Co. Ltd.

Winnipeg, May 27.—Wheat: Prices continued their downward trend today, the October making a new low since it was posted on the board, all months breaking about 2 cents from their close on Saturday.

There was not so much pressure on this market as there was little outside selling, but the weakness in Chicago, where the May sank under \$1, was the chief cause in putting this market lower, although there was very little incentive to buy wheat with the wheat map decidedly wet, showing heavy general rains over the Canadian west, especially in Saskatchewan and western Manitoba.

The precipitation ran from light showers to almost 2 inches, several points reporting 1½ inches. These rains will relieve all anxiety as regards the need of moisture in Western Canada for the being, as further showers are forecast. Important interests were not pressing the market. There was a fair export business worked over the week-end, but figures were not available. In the cash market there was a good demand from shippers and millers, who were taking everything that came out from three Northern down.

Spreads were unchanged to ¼ better. Prices have now sunk very low, but still there does not appear to be any incentive to buy wheat, and believe it should be sold on small upticks.

Coarse grains: Oats and barley declined about 1 cent but rye was very weak, closing 4½ to 4¾ lower with general liquidation in evidence. There was not a great deal of pressure on oats. Buying demand very limited and no export business could be confirmed.

Chicago, May 27.—Wheat: Rains in Canada disposed of about the last red the bulls had to load on and with cables lower and crop news favorable, liquidation was again heavy with prices at new lows on the crop for all months and with May below the dollar mark for the first time in some years. Visible decreased 4,933,000 and North American clearances last week were 10,576,000 bushels, but these features had little influence.

The main factor in the situation is that the general demand both for cash and for futures is narrow with only about four weeks before the new winter crop will be weighing heavily on the market. Just what will come out of the present situation is hard to say. Prices are admittedly cheap, but this is not making any more demand than at much higher levels. However, would not care to press the selling around present levels.

Corn: Rains were again pretty general over a large part of the belt, but the trade appears to be unconcerned about the late planting and the market was weak, influenced by wheat and North American clearances last week were 10,576,000 bushels, but these features had little influence.

Unless there is a radical further delay in planting, larger receipts are to be expected. Visible decreased 2,885,000 bushels. There are many strong features in the situation, but with the trade sentiment as it is, bulges will probably meet with selling.

## MONTREAL FOLLOWS DOWNWARD TREND LEAD OF WALL STREET

By Branson, Brown & Co. Ltd.

Montreal, May 27 (By B.C. Bond)—The Montreal Gazette today says:

"The coming month is regarded in competent circles as likely to present something of a really severe test of the American credit structure, what with half a billion of treasury financing, heavy tax instalments, the hundreds of millions required to exercise rights maturing in June, record-breaking dividend payments for the period and half-year settlements of every sort. It is estimated that \$2,500,000,000 of cash will be required to care for the load, to say nothing of financing which may appear during the month.

"It is possible that the reserve board's failure to grant a higher bank rate to the New York and Chicago banks last week had some relation to the unusual burden accumulating for June."

NOT TIME FOR PURCHASES  
Montreal, May 27 (By B.C. Bond)—Montreal today followed Wall Street in its lower trend. The situation and outlook in Wall Street continues to dominate the market here.

Dealing with the general outlook, Fraser & Company wired Riddell & Ballard as follows:

We do not think it is a time to encourage purchases for anything more than a trading turn and would be exceedingly cautious about buying such stocks as aircraft, radio and amusement issues. In our judgment, the risk in buying rails is considerably less than in other groups.

"Demand and supply of money are well balanced at six per cent and the present outlook is that the rate will remain at that figure."

## VANCOUVER MINING MARKET

By Miller, Court & Co. Ltd.

Vancouver, May 27.—Following the steady gain of strength in mines on the Toronto exchange, many of the stocks opened with a better tone on the Vancouver Stock Exchange to-day, following the holiday.

Sales volume was not heavy, but many traders, who have been dabbling in New York, apparently are becoming tired out there, and are turning their commitments into the local markets.

Peris Ore Right rights were again active, selling from 31 to 40.

George Copper showed a jump forward, selling at 6.00 and 6.10.

George Enterprise continued its steady rise, the last few weeks and reached the 20 mark this afternoon, after having closed the morning session at 19 bid.

Oregon Copper was stronger, selling up to 36 and 36½.

Beaver was quite active, selling up to 18.

Snowflake continued active between 6½ and 7.

Dalhousie came in for buying in sympathy with the strength in George Copper and the general activity of the Consolidated on the Toronto exchange.

The oil here followed the market in Calgary.

(Miller, Court Over Leased Wires)  
Vancouver, May 27.—With a total of ninety-two tons of concentrates, Noble Five was the second largest non-company shipper to the Trail Smelter during the period of May 15 to May 21.

The Bell mine was the largest contributor of ore to the smelter during the period, having shipped ninety-seven tons.

Whitewater was well up in the list with a total shipment of thirty-eight tons of concentrates.

The Hewitt property, now a part of the Galt's Farm Consolidated Mines Limited, shipped twenty tons during the period.

Charges to do with the Galt's Farm Consolidated, owned by Galt's Farm Consolidated, are constant shippers.

## 12 MORE MAJOR OIL STRUCTURES ARE LOCATED IN PARTS OF ALBERTA

(Miller, Court Over Leased Wires)

Calgary, May 27.—For more than two years parties of geologists have been scouting for oil structures in Alberta. It was learned to-day that twenty of these parties were in the employ of the Canadian Exploration Company, a syndicate of Texas and Wyoming oil men of Denver. They have located at least a dozen major oil structures, only two of which are known to the press.

The first of these lies on the Wild Cat, north and west of Cochrane, and the second near Duvernay, north of Two Hills in the Vergeville district. A total of at least 17,000 acres has been leased.

Funds have been supplied by A. E. Humphries, of Denver, the firm of Dines, Dines and Holmes, Denver, attorneys, closely identified with Mid-west Refineries, a subsidiary of Standard Oil of Indiana; S. J. Sackett, of Chicago, and Judson H. Hubbard, of Denver.

The geological work has been conducted by C. A. Fisher, H. W. Lowrie, Jr., both of Denver; H. C. Topple, man, Dr. Dean Worcester, both of the Colorado University; Dr. Frank Reyer, of the United States geological survey; Dr. W. P. Hullett, of the Colorado School of Mines, and Dr. F. W. Rohrer, permanently engaged by the syndicate.

(Miller, Court Over Leased Wires)  
Calgary, May 27.—The Home Oil group of stocks opened on the satisfactory conditions at the No. 2 well, which, it is understood, is showing a big gas pressure now. Stocks of wells around the Home Crest this afternoon selling up to 3.49. Homestead moved up to 1.32.

P. Consolidated sold at a high as 4.95 this morning, although the stock suffered a dip to 4.75 in the afternoon trading.

C. and E. Lands sold at 10.00 to-day, up 50 points.

(Miller, Court Over Leased Wires)  
Calgary, May 27.—Home No. 2 was 99 feet below the cemented casing, according to the last official reports to come in here from the field. No change in the flow, which was struck earlier in the week was reported.

A lost ball in the line, while at Foothills No. 1, also in the line, three feet of hole has been made below the cemented casing.

Highwood No. 1 is standing cemented before drilling is continued into the line, while at Royalty No. 12, where the casing was run last week, work has also been suspended while the cement dries.

Home No. 3 is still waiting for the diamond drill to be released from No. 2 before drilling into the line is resumed.

Mayland No. 2, which was spudded in during the last week, has now been carried down to 199 feet, while at Foothills No. 1, which is now down 1,892 feet, there was 683 feet of new hole made last week.

At Dalhousie No. 7, 405 feet of new hole was made during the last week, while at Southwest Pete, Foothills No. 3, there was 360 feet of hole made.

Devenish No. 3 in the Skiff Field, which has been classified by the company as a producing well, was taken from last week's list of uncompleted

## WHITNEY LETTER

By Hanson, Brown & Co. Ltd.

New York, May 27.—Whitney of the New York Financial Service says to-day:

### ESTABLISHING A BOTTOM

"The action of the market in the final two sessions of last week gave rather clear indication that it is establishing a bottom, will execute a turning movement this week, and then advance. On Saturday in particular, was witnessed these indications which disclosed the activity of groups working to extend the decline and meeting with no success. This takes the form generally of raids on many of the industrial leaders such as Steel, American Can, General Motors, General Electric, in the endeavor to psychologically effect liquidation in other parts of the list. All that remains is for the isolated rally on five or six specialties and the bottom will have been completed and the advance started.

"It is strikingly noticeable that the decline is almost entirely an industrial decline, rails, utilities and oils refusing the participate, declining moderately when the industrial stocks rally. A checked pressure is lifted and in total, just about maintaining a fixed level. The difference of opinion between the federal reserve authorities and banking authorities is practically the sole disturbing market influence, reserve authorities pointing to high reserve ratios, moderate discounts, and a general deflation which gives no reason for higher discount rates, while banking authorities point to the misalignment of rediscunt rates with open market rates as the reason for increasing the rate. In other words the difference of opinion has largely resolved itself into a battle of technicalities and a fight for prestige.

"A moderate stiffening in call money rates is to be expected this week as preparations are being made for month-end disbursements, but I believe this will be a very moderate increase and one which will not affect the market. The call interest is extensive, while many of the shorts have been cleaned up with both the securities and the market for their back into banking hands as contrasted to pool hands.

"Concentration on utilities, oils and rails is still the correct speculative procedure as it is in these groups that bank buying is being concentrated for the time being, a procedure which is disclosed by the fact that in individual issues in these groups have been recording isolated new high record even while the general market has been decidedly reactionary.

### COMMENT

"The market in Chrysler Motors is back in banking hands, the market in Anaconda is in a similar situation. The same condition exists in the market in U.S. Steel and in American Can, in the bank group while Haven and Erie stand out prominently among the speculative rails such issues as Atchison, N.Y.C. and S.P. should not be overlooked.

"In the oil group Pan American and S.O. of N.J. stand out above all the others with S.O. of N.Y. a close second. In the utilities field, however, an issue which is not headed substantially higher."

### BOND MARKET

#### RELAPSES AGAIN

New York, May 27.—Factors that have forced bond prices to their current low levels maintained their hold on the market as the new week opened and quotations eased off again in to-day's early trading. Time money was unchanged, indicating that anxiety over the credit structure, especially in view of the impending month-end demand for funds, had not been alleviated.

Investment demand had all but disappeared from the list of obligations traded on the stock exchange and turnover, except on a few convertibles, was exceptionally small, even for this thin market. The share privilege issues were soft as stocks sold down, while standard investment bonds were extremely sluggish at slight price fluctuations.

American Telephone Convertible 4 1/2s, International Telephone 4 1/2s and Southern Pacific 4 1/2s, the latter with warrants, yielded about a point, the first and last named bonds selling at new lows. Commercial Investment Trust 5 1/2s declining nearly a point, were also below their previous low.

A few new minimums were scattered throughout the remainder of the list, notably in the case of New York Central 5s, Republic Iron and Steel 5 1/2s and St. Louis San Francisco prior lien 5s. Seaboard Airline adjustment 5s were in best demand among the speculative and semi-speculative obligations, but their gain was fractional.

United States government bonds were dormant with most activity shown by the Liberty 3 1/2s which were sold for a small decline. Foreign bonds showed few points of interest. Berlin City Electric 6 1/2s equalled their low of the year on insignificant selling.

## N.Y. Market Gossip

(Over R. P. Clark Leased Wires)

New York, May 27.—In a press dispatch from Washington last week, reference was made to the over-issuance of securities as a factor which might carry the possibility of more danger to the general situation than an increase in the rediscunt rate, or the ability of the banking structure to cope adequately with commercial demands. Following this line of argument, it seems quite logical to suppose that banking authorities for some time have been fearing the constantly increasing supply of common stocks, many of them unseasoned and with only partly developed historical data.

Perhaps, if there should develop in the near future more conservatism in offerings of common stocks, we might receive more optimistic warnings than that of last February.

In a way, the effect of large outpourings of unseasoned common stocks is to dilute the relative values of "seasoned" issues, temporarily at least. We think that a bullish factor on seasoned securities would be evidence that new common stock offerings were on the decline.

Drastic price breaks in some of the industrials are beginning to attract a better class of buying. Chrysler is a rising star in point. The stock has had a steady down trend from 135 to under 70. The stock is now on a comparatively firm price basis.

## BEDTIME STORY

Uncle Wiggily  
And Jimmie's Jam(Copyright, 1929, by McClure Newspaper Syndicate)  
By HOWARD R. GARIS

Once upon a time, as Uncle Wiggily was sitting on a stump, behind a mulberry bush, to rest himself, he heard voices talking. Now the old rabbit gentleman had good ears for listening, for they were very long and sharp. He was always listening for he never could tell when he might hear some of the Bad Chaps coming to catch him.

However, this time, it was none of the Bad Chaps. The voices Uncle Wiggily heard as he sat on the stump behind the mulberry bush were those of Jimmie Wibblywobble, the duck, and Sammie and Susie Littlebit, the rabbits.

"What kind of jam is it?" Uncle Wiggily heard Sammie ask.

"It's strumberry jam," quacked Jimmie the duck.

"I guess he means strawberry jam," said Sammie the rabbit.

"That's what I said—strumberry jam," spoke Jimmie. Then Sammie and Susie laughed for, no matter how Jimmie tried, he couldn't say "strawberry jam." He always called it "strumberry."

"But it will taste just as good," said Susie.

"Sure!" agreed her brother Sammie. "Only I like ramberry jam best."

Uncle Wiggily got up on the box.

"I guess you mean raspberry jam; don't you?" asked Susie with a funny little giggle.

"That's it—raspberry jam," said Sammie.

"Well, the only kind of jam we got now in our pantry is strumberry," quacked Jimmie. "And if you'll come with me I'll boost one of you up through the window on the outside and you can lift out the pot of jam and we'll all eat it. Come on to my house now."

"Oh, what fun we'll have!" cried Susie.

"Lots of fun!" agreed Jimmie.

"It's lots more fun climbing up the outside way to a pantry window and reaching in to get jam than it is to go in through the kitchen and the door the regular way," spoke Sammie.

"Sure it is!" said Jimmie. "Anyhow, the only way we can get this strumberry jam, is to climb up from the outside."

"My goodness!" thought Uncle Wiggily to himself when the animal children had hurried away from the bush behind which he was hiding. "This is dreadful! Jimmie is going to help those two rabbits take jam out of his mother's kitchen pantry without telling her. That isn't right. Jimmie is nearly always a good duck, but something bad must have gotten into him to make him do a thing like this."

Uncle Wiggily thought for a moment twirling his pink nose, and then he said to himself:

"I'll have to teach those jam-taking children a lesson. I'll hop across the fields a short way and get to Jimmie's house ahead of them. If they can climb up to the jam pantry window by the outside way I can do the same. I'll take away the pot of jam and in

## To-morrow's Horoscope

TUESDAY, MAY 28, 1929

Lucky conditions may be enjoyed to-day by dwellers on the earth, according to astrology, which finds that benefic aspects rule.

It is a day primarily favorable to merchandising and should be exceedingly good for retail trade.

Buying is subject to the best direction. Bargains may be available.

There is a sign of promise to those who invest in real property and home owning should be a much desired achievement under this planetary government which inclines towards stable financial policies.

The way should be fortunate for farmers who will send the products of their land to far countries, it is forecast.

Mining is rather well directed at this time when the seers prophesy discoveries of moment in more than one western state. Gardens and gardening should benefit from this position of the stars, which indicates the attainment of superb effects in many American country estates.

Under this sign there is promise of revival of old ideals of modes and manners. The never generation will turn to chivalry and modesty as prized characteristics, it is prophesied.

While this is not an auspicious day for love-making it is favorable for the comradeship between men and women.

Next month is to bring serious crisis to the British Empire, astrologers claim, and communist propaganda will add to the problems of the government.

In the United States the summer is to be a period of general happiness and prosperity. National progress will be manifested in many great enterprises.

The President of the United States is subject of planetary influences that assure for him the most enthusiastic co-operation in economic policies.

Persons whose birthdate it is have the augury of a year fortunate in financial matters and generally prosperous.

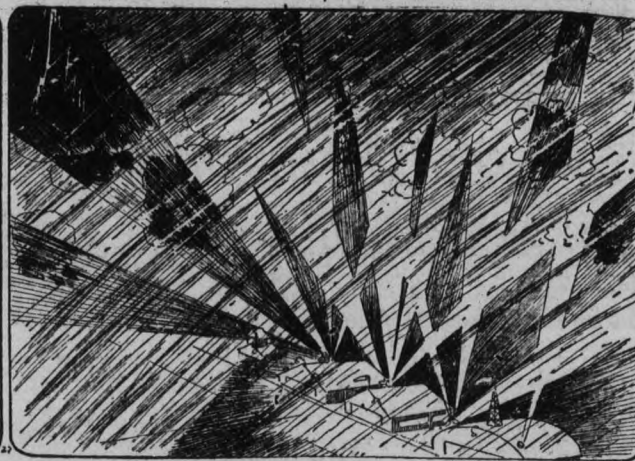

Children born on this day probably will be versatile in their gifts, courageous and truly intelligent.

William Pitt, British statesman, was born on this date, 1759. Jean Louis Rudolph Arassis, naturalist, 1807, claimed this as his birthday, so did Pierre, Gustave Beauregard, 1818, Confederate general. J. I. Guillotin, who invented the apparatus that bears his name, also was born on this date and first saw light in 1738.

## ONE LIFE LOST WHEN ALEUTIAN TAKES PLUNGE

(Continued from page 1)

**\$1,000,000 LOSS**  
The disaster occurred three months after the steamship, valued at \$1,000,000, struck a rock near Seymour Narrows, British Columbia, February 24. The two crashes were the first serious ones for Capt. John G. Nord, of Seattle, master of the Aleutian, in thirty years service in Alaskan waters.

The Aleutian, formerly the Panama and the Havana, was said by company officers to have been the finest ship in its service. The vessel, of 5,400 tons, was on the Alaska run two years ago. She was built in Philadelphia in 1898.

**ONE LIFE LOST**  
Seattle, May 27.—Manuel Dorras, a member of the crew of the Alaska Steamship Company liner Aleutian, who climbed back aboard the ship from a lifeboat to rescue a "lucky" horse, was the only fatality when the vessel struck a rock and plunged to the bottom of Uyak Bay, at Kodiak Island, Alaska, yesterday.

Word of the drowning was received by the steamship company here today. All the passengers and other members of the crew were saved and were taken aboard the survey steamship Surveyor.

Dorras had gone over the side of the sinking ship with other members of the crew, but insisted on returning to his bunk for the horse, which he had carried with him for many years. The million dollar liner took its final plunge with Dorras in the fore-cabin.

The sinking of the ship was sudden. The steamship company was informed. The liner struck an uncharted rock at the south end of Amok Island, in Uyak Bay, while heading for the port to land cannery workers. The force of the impact ripped great holes in the steel hull and the holds and engine room filled rapidly. The Aleutian

## Large Fleet of Deep Sea Liners Scheduled

Rithet Piers Will Berth Two Empresses, Two President Liners, Aorangi, Ruth Alexander and Japanese Liner Expected During Next Few Days; Will Bring in Large Passenger Lists; Duke of Gloucester Aboard Incoming Empress of Asia.

Commencing Wednesday the outer docks of Victoria will see a large deep sea passenger liner here every day until next Monday, with two liners in port Thursday and Saturday, inbound and outbound to ports in the Orient, California and the Antipodes.

Early Wednesday evening the Canadian Australasian liner Aorangi will sail from the Rithet piers here for Honolulu, Suva, Auckland and Sydney with a capacity cargo and a seasonal passenger list. Among the passengers will be 150 members of the Young Australian League who have been touring Canada. They will arrive from Vancouver to-morrow and will embark on the Aorangi at this port.

**EMPRESS OUT**  
On Thursday afternoon the Canadian Pacific liner Empress of Russia will arrive from Vancouver en route to ports in China, Japan and the Philippine Islands. She will clear for Yokohama about 7 o'clock in the evening after taking on local passengers, cargo and mails.

Also on Thursday the Pacific Steamship Company's coastal passenger liner Ruth Alexander will be here from San Diego, Los Angeles and San Francisco. She will dock about 10 o'clock in the evening with a large passenger list.

On Friday the N.Y.K. liner Mishima Maru is expected with a large number of passengers from ports in China and Japan. She will have the largest passenger list to be brought to Victoria for some time from the Orient aboard a Japanese vessel. After discharging cargo here the ship will proceed to Seattle.

**ROYAL PASSENGER**  
Saturday will see two ships in port. The C.P.R. liner Empress of Asia, which is expected early in the morning from the Orient, and the American Mail liner President Pierce, which will sail for the Far East early in the evening. The Asia will bring in a heavy passenger list, among the first cabin passengers being His Royal Highness the Duke of Gloucester, third son of the British King and Queen returning to London after a trip to Japan, where he bestowed the Order of the Garter on the Japanese Emperor on behalf of his father.

Sunday morning at 9 o'clock the Empress of Asia will depart from the Rithet pier for California and on Monday morning, the last of the ships, the President Pierce will dock here from the Orient.

Added to these passenger vessels several freighters are expected here during the next week to discharge and load general cargo for all parts of the world.

**NOTICE TO MARINERS**  
Mariners are advised that the harbor entrance unwatched light on Pile Beacon at Nanaimo is reported not burning. It will be attended to as soon as possible.

A. W. R. WILBY, Agent.

**C.N.R. EARNINGS**  
Montreal, May 27.—The gross earnings of the Canadian National Railways for the week ending May 4, 1929, were \$4,958,000, as compared with \$4,769,421 for the corresponding period of 1928, an increase of \$188,579, or four per cent.

**\$75,000 FIRE IN PRAIRIE TOWN**  
Rosthern, Sask., May 27.—Damage estimated in excess of \$75,000 was done here when a fire of unknown origin broke out late Saturday night and continued until the early hours of Sunday morning.

The fire started in Morrison's butcher shop a few hours after it had been closed up for the night, spreading from there to Wither's store. Before it reached the Braden Garage all cars and most of the equipment had been removed. Two other stores were destroyed, but strenuous work saved the Monarch Lumber Yard.
